U. S. DEMANDS RUSSIA LIFT BLOCKADE

CLUES LACKING IN BOMB BLAST AT MANSFIELD

Authorities Investigate Cafe Explosion That Injures Police, Firemen.

Special to The Star

MANSFIELD, July 6 — Police today still were seeking clues in the bombing of the Crescent Cafe in which four Mansfield police and firemen were injured but they have reported no success

The home-made bomb exploded about 2 a m yesterday as the policemen and firemen were trying to pull it into a tub of water with a long pole and hook The explosion ripped out the rear of the Crescent Cafe and Bar on Central Park in the downtown area, smashed nearby windows, and shook the business district.

List of Injured

The injured are patrolmen William D Mitchell, 26 and Joseph P Butler, 24 and Firemen James Peck, 44, and Roy Reeder 46 Hospital attendants said none of the four were believed seriously injured

Three of the men were blown several feet through a narrow passageway by the blast

Chief of Police Jesse J Schwab, awakened by the blast at his home seven blocks away, said two patrolmen had gone into the alley back of the cafe to investigate a reported burglary attempt about 2 a m. yesterday

Firemen were summoned when the two found the bomb smoking on a door ledge It exploded as Firemen Peck and Reeder were attempting to pull the bomb into a tub of water with a 12-foot pole and hook

No Motive Revealed

R J Mathes owner of the cafe, said he knew of no motive for revenge and said he had no personal enemies.

Police Chief Schwab discounted reports of a gambling war and added he knew of no gambling operations in the bombed cafe.

Six months ago Cleveland interests were reported to have attempted to open a horse race bookie place in a building adjoining the cafe, but the establishment was never opened, said police

CELEBRANTS CHEER FOR TITO IN PRAGUE

By The Associated Press

PRAGUE, Czechoslovakia, July 6—Cheers for Marshal Tito and Yugoslavia rang out in Prague today as thousands of Czechoslovak gymnasts marched through the rain in a parade climaxing the eleventh Sokol games.

Extra police were on duty with the announced purpose of handing traffic, but anti-Communist Sokol members commented the police would be handy in case any demonstration was made against the government.

The games and mass maneuvers in which some 20,000 persons have taken part, have attracted thousands from other countries.

The Sokol organization's leadership was purged after the February coup in which the Communists seized power in Czechoslovakia Many of its members are ardently anti-Communist and refused to participate in this congress

The parade was led by a Russian contingent carrying a huge Soviet flag surmounted by a portrait of Stalin Scores of small paper American flags appeared in the parade waved by individuals and cheered by spectators. One group of youngsters carried the American flags aloft past the platform, despite orders from leaders to down such banners at that point

Support Marshall Tito

By The Associated Press

BELGRADE, July 6—Yugoslavs were reported today to have given evidence of support for Premier Marshal Tito who has been denounced by the Soviet-controlled Cominform

The Yugoslav Communist newspaper Borba said last night that in five days the public subscribed $50,000,000 of the $70,000,000 national loan.

Other press accounts and local committees of the Communist party all over the country are sending messages to Belgrade that they are "with the marshal."

Mt. Gilead Centennial Draws 35,000 To See Six-Mile Long Parade

By SCOTT McMURRAY

A crowd estimated officially at 35,000 persons, was on hand for the big Morrow county centennial parade and celebration yesterday afternoon. The celebration ended last night with the second presentation of the historical pageant

The parade originally estimated by the parade committee to be five miles long, proved to be one mile longer than the original estimate

Morrow countians and visitors both in and out of the parade endured a sweltering sun through more than two hours of parade and the 20-minute ceremonies which followed

By 3:30 p m the heat had reached such an intensity at the Morrow fairgrounds that Governor Thomas J Herbert and Congressman Frederick C Smith cut short their official addresses of the day A surprise greeting and congratulations to the people of Morrow county on the occasion of their centennial was a 100-word telegram from Republican presidential nominee, Governor Thomas E Dewey of New York, read by Paul Richeson, mayor of Cardingotn.

Praise from Congressman

In his address Congressman Frederick C Smith said, "I have seen many parades and many celebrations both here in Ohio and in Washington, but I have never seen a celebration to equal this one, both in the quantity and quality of its parade. I can say, and without reservation, America still lives, when its people can prepare and produce such a grand spectacle as this"

Mrs. Thomas J Herbert was then introduced after which the governor was ushered to the platform.

In a brief address lasting slightly less than two minutes Governor Herbert said, "This great celebration and this wonderful parade is the very essence of Americanism at its best. After seeing it, I, like Congressman Smith, agree we all should be satisfied as to the future of our American way of life It is at celebrations like these that we realize ourselves of our priceless heritage of Americanism."

Congressman Smith and Governor and Mrs. Herbert were introduced by J. Wesley Masters, state representative to the general assembly from Morrow county. Harry Nelson of Mt. Gilead, general chairman of the centennial, was master of ceremonies at the official ceremonies after the parade and presented the following with prizes awarded by the centennial committee.

Awards Presented

Mrs Sarah Ellen Rhodebeck, 99, won the "oldest woman present" award. Norval Haskett, 91, won the award for being the oldest man present. Mr and Mrs. C W McFarland, 87, and 83 years old, won the award for being the oldest married couple present.

The float, "Soldiers of All Wars," entered by the T P Johnston Post No 329 American Legion of Mt Gilead, won the grand prize for the best float entered

Largest single exhibition on the fairgrounds was that of the U S Air Force who had on view a P-80 "Shooting Star" jet plane, a German Heinkel 162 jet plane, and a Messerschmidt ME 109 German fighter plane, as well as exhibits of television, armament, rockets, airplane motors, and a mobile motion picture unit of the U S Air Force and its part in the late war

Text of Gov. Dewey's Message to County

The following is the text of the telegram from Gov Thomas E Dewey read yesterday at the Morrow county centennial celebration by Mayor Paul Richeson of Cardington

Albany, N Y July 3
10:32 a m.

To Harry Nelson,
General Chairman
Morrow County Centennial Committee,
Mt Gilead Ohio

I am happy to send warm greetings to the people of Morrow county with my hearty congratulations upon the historic celebration of the county's 100th anniversary on July third, fourth, and fifth

The pioneers who settled in your region 100 years ago had courage and vision The prosperity of Morrow county today more than justifies that vision. The industry and community spirit of succeeding generations who followed them are demonstrated by the spectacle of a county whose thriving farms, industries, and social enterprises have made it known far and wide as a countryside in which 17,000 people lead free and happy lives

May Morrow county continue to develop in the decades to come as it has in the century just passed With kindest regards and best wishes

STOP TRUMAN DRIVE NOW ALL BUT WRECKED

Eisenhower Statement Leaves Scores of Democratic Leaders Out on Limb.

By LYLE C. WILSON
United Press Correspondent

WASHINGTON, July 6—General Ike's statement that he could not accept the Democratic presidential nomination this year all but wrecked the stop-Truman movement within the party.

President Truman's nomination next week to a full White House term of his own now is regarded the most likely action of the Democratic national convention in Philadelphia next week.

Eisenhower's statement left scores of big name Democrats out on the longest political limb this country has seen since Theodore Roosevelt bolted the Republican party in 1912 There still are plenty of anti-Truman votes to block the President's nomination in Philadelphia, but the anti-Truman leaders have no single candidate upon whom they are likely to unite.

The South is expected to balk at nomination of Supreme Court Justice William O Douglas, who is the candidate of out-of-office New Dealers organized under the name of Americans for Democratic Action. Many Dealers and conservative southern Democrats now have a scant week to get together on another candidate. And they are not likely to make it.

Eisenhower Statement

Eisenhower read the weekend reports of the booming pre-convention campaign to make him the Democratic presidential nominee and took himself out of the contest. His Columbia university publicity office issued a statement which recalled Ike's letter of last January disclaiming political plans. To that the general added.

"I shall continue, subject to the pleasure of the university trustees, to perform the important duties I have undertaken as president of Columbia. I will not, at this time, identify myself with any political party and could not accept nomination for any public office or participate in any partisan political contests.

"This implies no intention of maintaining silence on any issue of importance to the country on which I may feel qualified to express an opinion."

Ike's statement was a blockbuster It scarcely can miss wrecking the Democrats this year The ditch-Truman-for-Ike movement was spreading aggressively in at least 22 states when Eisenhower finally spoke. Four state delegations with a total of 110 Democratic national convention votes already had been pledged to him. They were New Jersey, Georgia, Virginia and South Carolina In 18 others the rebellion against Mr Truman's nomination was thinly disguised as an Ike-for-president movement.

Also Beat Douglas

The out-of-office New Dealers were whooping it up for Eisenhower and also for Douglas in the name of Americans for Democratic Action

Regular Democrats regarded this New Deal brigade a political mavericks but the regulars them-

HAGUE SAYS TRUMAN SHOULD "DRAFT" IKE

By The Associated Press

JERSEY CITY, N. J., July 6—Frank Hague, state Democratic leader, today called on President Truman to request Gen. Eisenhower to accept the Democratic presidential nomination.

The vice chairman of the national Democratic committee said in a statement that "the position of the New Jersey delegation is unchanged. x x x New Jersey will cast its 36 votes for an out-and-out draft of Gen Eisenhower at the convention"

The former Jersey City mayor, who on Sunday in Asbury Park led the New Jersey delegation from support of Truman to endorsement of Eisenhower at an extraordinary party caucus, continued:

"I can advise the President that New Jersey will go into the Republican column by over 300,000 votes" if President Truman is the candidate. He added, however, that if Gen. Eisenhower were drafted at the request of the President the state would remain Democratic by over 200,000

Gen. Eisenhower asserted last night that he "could not accept nomination for any public office"

To this disavowal Hague said "I think Gen. Eisenhower's brother, Earl Eisenhower, expressed clearly the thought that is in the general's mind when he said that if President Truman were to request the General to accept the nomination it would afford the general an opportunity to serve the American people without being involved in a partisan controversy for the nomination."

Hague said the Eisenhower disavowal statement last night "intimated that he did not wish to become involved in a partisan controversy for the nomination for president at the Democratic convention"

Supports Sawyer For Vice President

COLUMBUS, July 6—A member of the Ohio delegation to the Philadelphia Democratic convention today advanced the name of Charles Sawyer of Cincinnati as vice presidential nominee to run with President Truman.

Reed Winegardner of Washington, C. H., a delegate from the seventh congressional district, said Sawyer, now secretary of commerce, was his first choice for the vice presidency As his second choice, Winegardner said, he would recommend selection of Paul V. McNutt of Indiana.

HOLIDAY TOLL FAR OVER 500

Traffic and Drownings Chief Causes; Ohio Death Total High.

By The Associated Press

The nation's death toll in violent accidents over the three-day Independence day holiday soared far past the 300 mark today and higher than the total in 1947

Four persons lost their lives in fireworks accidents. An undetermined number of persons suffered injuries in fireworks mishaps.

A final survey of accidental deaths from 6 p m local time Friday until last midnight showed

286 persons killed in traffic accidents, 104 drowned, 66 fatally injured in miscellaneous accidents and four deaths from fireworks.

The toll of 580 compared to 546 killed in accidents over the three-day Fourth of July holiday last year The 286 fatalities resulting from accidents on highways were more than the 235 estimated by the national safety council.

Clear skies and hot weather lured millions to lake resorts and vacation lands The council had estimated 30,000,000 cars would be travelling during the three days The traffic deaths compared to 264 last year while the 104 drownings compared to 114 in the Independence day holiday in 1947

Only two of the 48 states—New Hampshire and South Dakota reported no accidental deaths Pennsylvania had the heaviest state toll — 44, including 23 traffic fatalities, 14 drownings, six miscellaneous and one fireworks. California, Iowa and Oregon each reported one death from fireworks.

Ohio Casualties

Ohio's Fourth of July weekend closed with a toll of 19 traffic fatalities, six drownings, three

ABOARD TRUMAN TRAIN ENROUTE TO WASHINGTON, July 6 — President Truman sped back to Washington today with what his aides said was the feeling that the rug had been pulled out from under opponents of his nomination

They reported Mr Truman was convinced General Dwight D. Eisenhower's assertion he can not accept nomination for public office had removed the only dangerous threat to his first-ballot election at the Democratic convention in Philadelphia.

Mr. Truman had retired for the night aboard his private car when it reached St. Louis shortly before midnight. A telegram from The Associated Press to its correspondent aboard the presidential special train was the first word Mr Truman had of Eisenhower's action.

The reporter sent the telegram to the President via Brig. General Wallace H. Graham, the White House physician. Graham returned with this comment from the President. "General Eisenhower is an honorable man."

Mr Truman appeared in good humor as he met crowds at Willard, Mo., Springfield, Mo., and other points on his way back east from Bolivar, Mo., where he spoke yesterday with President Romulo Gallegos of Venezuela.

He steered clear of political talk at his platform appearance at Springfield He held to the theme of western hemispheric solidarity that he used at Bolivar

Asked to "say something" at Newburg Mo., he replied "there is nothing to say—this is really a non-political trip"

At Cincinnati, where Mr Truman arrived at 8 a m (EST) the President, appearing briefly on the platform, would not comment on Gen. Eisenhower's action. "No comment," he told reporters, and repeated "No comment."

The President wore a light summer suit and a blue polka dot tie. Few people were about the station He seized the opportunity to take a walk. He walked the length of his 14-car special train, trailed by reporters.

Bungle in the station joined in the procession.

"I didn't know I had all this rush with me," he quipped as he reversed his course at a quickened pace.

Panting and puffing newsmen nearly got lost as he ducked into a ramp and into the waiting room.

COAL MINERS BEGIN WALKOUT

By The Associated Press

PITTSBURGH, July 6—A walkout of 40,000 captive coal miners began today and in western Pennsylvania the bulk of commercial miners remained idle in a sympathy walkout.

Overall coal production in western Pennsylvania, which employs 94,000 miners, was only 20 per cent of normal.

The big U. S. Steel corporation reported all 14 of its Pennsylvania mines employing 11,000 men, were idle, causing a daily loss of 55,000 tons of coal

Among other captive mines closed were those of the Jones & Laughlin Steel Corp. and the Weirton Steel Co. Captive mines are those whose output goes to a parent firm, like a steel company

The Western Pennsylvania Coal Operators association reported commercial coal production in the Pittsburgh-Uniontown area was only one-third of normal, with 30 pits and 10,000 men idle The output of commercial mines is sold on the open market.

Commercial producers hit hard included the Pittsburgh Coal company, which reported 14 of its 17 deep mines in Pennsylvania closed With 7,500 men idle, its daily production loss was 24,000 tons

The captive miners stayed away from work because of lack of a contract. Steel companies refused a new contract because of a union shop provision

The majority of the 400,000 bituminous miners had a new contract from commercial coal operators granting a $1-per-day pay increase and a welfare fund royalty doubled to 20 cents a ton

The walkout actually was an extension of the 10-day miners' vacation which ended yesterday The captive miners held to the United Mine Workers' tradition of "no contract, no work."

No Strike Imminent At Mines in Ohio

By The United Press

COLUMBUS, July 6—An early check of Ohio's coal fields indicated today that a wide-spread walkout of miners in commercial pits had failed to materialize.

Officials of the Hanna Coal Co at St. Clairsville, operators of several of the state's largest pits, said their mines were producing at 75 per cent of capacity on the first shift. Hanna employs 2,500 miners in its deep-pit operations.

A spokesman for the Miller mines at Roseville said only a "smattering" of its miners failed to show up for work on the first shift and predicted that the reported sympathy walkout among commercial pit miners would not seriously hamper operations.

CAROLE LANDIS ENDS OWN LIFE

Movie Actress Found Dead in Her Pacific Palisades Home.

By The Associated Press

LOS ANGELES, July 6 — The glamorized movie career of actress Carole Landis came to an abrupt end yesterday with the finding of her body in the bathroom of her Pacific Palisades home. Police said she had taken her own life

Clutched in her hand was a satin ribbon with the Lord's Prayer imprinted in gold lettering. On a nearby dresser was a final note addressed to her mother

Capt. of Detectives Emmett Jones said "This is definitely a suicide" The detective said there were four bottles of sleeping pills in Miss Landis' bathroom and dressing room He said an empty bottle was found near the body.

Actor Finds Body

Capt Jones reported the beautiful blond actress, 29, had died perhaps 12 hours before the body was found by film actor Rex Harrison, who said he had been unable to reach her by telephone regarding a business matter

The officers said a maid was in the home but had thought Miss Landis was still in her bedroom and did not notice the body huddled in a corner of the bathroom.

Miss Landis left a note, written on her own stationery, which read as follows:

"Dearest Mommie—

"I'm sorry, really sorry to put you through this but there is no way to avoid it—I love you darling, you have been the most wonderful mom ever—and that applies to all our family I love each and every one of them dearly—everything goes to you—look in the files and there is a will which decrees everything—

"Goodbye, my angel—pray for me—your baby"

Harrison told police that Miss Landis had been ill for a week, suffering a recurrence of an amoebic infection she incurred during a wartime entertainment tour in the South Pacific The actor said he and Miss Landis had been discussing plans for a film they were to make in England

Had Sued for Divorce

Only last March 22 the actress filed suit to divorce her fourth husband, theatrical producer Horace Schmidlapp, on grounds of cruelty Schmidlapp, who was at Cincinnati, O., said he was shocked by his wife's death and left immediately for California

The actress' mother, Mrs Clara Landis of Seminole Hot Springs, Calif., did not arrive at her daughter's home until about four hours after the discovery. She collapsed, crying

"Oh, my baby, I want to see my baby Why didn't somebody call me?"

The mother was accompanied by Miss Landis' sister, Mrs. Walter L. Ross of Long Beach, Calif. Other survivors are the father, Alfred L. Ridste of Richmond, Calif., and a brother, Lawrence B. Ridste of San Bernardino, Calif.

The body was taken to a Santa Monica mortuary

Native of Wisconsin

Miss Landis, daughter of a railroad mechanic, was born Frances Ridste at Fairchild, Wis. She moved to San Diego, Calif., as a small child and was educated there and at San Bernardino.

She had been in films for 11 years and made her first real hit when she appeared in a leopard skin in the film "1,000,000 B. C." Thereafter she starred in many films.

Before her marriage to Schmidlapp she had been the wife of Major Thomas C. Wallace, author Irving Wheeler and yachtsman

JOINS BRITAIN AND FRANCE IN WORD TO SOVIET

Secretary Marshall Personally Delivers Protest Against Tieup of Berlin.

By The Associated Press

WASHINGTON, July 6—The United States demanded directly to the Soviet government today that the Russian blockade of Berlin be lifted.

Secretary of State Marshall presented the American note of protest personally to Soviet Ambassador Alexander S. Panyushkin.

Immediately afterward, State Department Press Officer Lincoln White issued this statement:

"Ambassador Panyushkin called on the Secretary at 11:30 o'clock (EDT) this morning and was given a note regarding the situation in Berlin.

"The ambassador was informed that it is not the intention of this government to make the contents of the note public until the Soviet government had a reasonable period of time to study the note and make its reply."

Acts With Allies

The United States acted in concert with Britain and France in protesting strongly the Soviet blockade of the German capital.

While officially gave no intimation of the line which Marshall took.

Other diplomatic informants said there appeared no doubt that he demanded the immediate lifting of the Berlin blockade, and protested Russia's recent policies in the German capital. They said he argued that the Soviet Union must directly accept responsibility for any lack of supplies among the millions of Germans living in Berlin.

While did not define what was meant by a "reasonable period of time" in which the Soviet government could study the American note but presumably it meant several days at least.

The contents of the notes from the three western powers are not expected to be disclosed for several days. Notes similar to that of the U. S. were understood to have been handed the Soviet ambassadors in London and Paris.

Panyushkin said Marshall had not expressed to him directly any views on Berlin. He did not say what they talked about during the time he was in the secretary's office.

Tells of Note's Delivery

Panyushkin told reporters as he left the department that he had received a note from Marshall but didn't know what was in it. He was in Marshall's office for 14 minutes.

Five Powers Meet

At the same time, ambassadors of five western European powers and Canada were called into conference with Undersecretary of State Lovett. These talks are the first of what may prove to be a historic series of meetings on American military support for the western European bloc.

SOVIETS PUT CLAMP ON BERLIN TRUCKS

By The Associated Press

BERLIN, July 6—The Russians placed strict controls on trucks entering western Berlin today, western-licensed newspapers reported, tightening their land blockade of the western sectors of the city.

The Berlin crisis appeared headed for a climax. In London authoritative sources said the United States, France and Britain would send separate notes of protest to Russia today on her 10-day blockade. In Paris the French foreign office said it had a document from the British embassy indicating a Moscow-directed Communist plan to drive the western allies out of Berlin.

The steady flow of American supply planes into Berlin resumed at noon after bad flying weather in the west ruined the spectacular air lift for seven hours. U.S. Air force officials said planes again were leaving every four minutes from the Rhine - main and Wiesbaden fields.

American officials said the German press reports of new truck controls apparently were true.

The newspapers said police Chief Seidel in the Soviet sector ordered his forces to [illegible] spot the trucks of Germans [illegible] entering the western Soviet zone. The Russian section of the city is [illegible] the Soviet [illegible] headquarters, [illegible] lands that [illegible]

LEGION TO SUPPORT FEDERAL SCHOOL AID

By The Associated Press

CLEVELAND, July 6—The American Legion commander and the head of the National Congress of Parents and Teachers today pledged to help the National Education association get a federal-aid-to-schools bill through congress

The Legion, said National Commander James F O'Neil "stands four-square behind proposed legislation to extend federal financial support for schools"

"More specifically," he added, "I favor that congress be recalled into session this summer to take up and pass legislation for federal aid to schools and to resolve other major issues x x x neglected x x x during the regular session"

A senate-approved measure to provide federal aid for equalizing educational opportunities failed to reach the house floor for consideration in the 1948 session That failure evoked widespread criticism as the five-day meeting of 3,500 NEA delegates from every state and territory opened here yesterday

Mrs Mabel Williams Hughes of Arlington, Tenn., national REA president pledged her organization to "work shoulder to shoulder" with the NEA's 440,000 members "resolutely determined x x x that what has happened to American education cannot and must not happen again

O'Neil declared "equality of opportunity is the fundamental basis of democracy" and "cannot exist without equality of educational opportunities."

Your Good Health

Regular Eye Tests.

Since ability to do school work, whether in first grade or college, depends to such a large extent on correct vision, it is important that students of all ages have their eyes examined periodically It is not enough to have the eyes checked once at the beginning of the school career because the eyes may change or develop defects due to strain and vision which was perfect at the age of six may be decidedly under par at 14 or 18

The usual method of testing the eyesight is by the use of what is known as a Snellen chart which consists of rows of letters of various sizes The patient who is being examined is placed 20 feet away from the chart, and it is assumed, if he can read the line marked 20, that his vision is normal or 20-20.

According to Dr John DeWitt Schonwald, many persons with 20-20 vision do not have normally functioning eyes and, in consequence, may develop symptoms of eye fatigue, such as headache Unable to use their eyes for intensive study, they may lose interest in their work or may even stop school entirely.

In these cases, much of the difficulty is due to fatigue of the muscle which controls the lens of the eye. This muscle is called the ciliary muscle. Two types of eye conditions are associated with overwork of this muscle, namely farsightedness and astigmatism

In astigmatism, either or both of two important structures of the eye are slightly misshapen These are the cornea, or front part of the eyeball, and the lens If these are not exactly spherical in shape, the distortion is such that a perfect image cannot be produced on the retina or back of the eye under any circumstances. Nevertheless, if the distortion is not great, the eye makes the attempt to do so, seeking a clear image by constant adjustments of the ciliary muscle Thus the ciliary muscle is overworked, with the result that fatigue, headache and blurred vision occur

A special test, using a glass lens, is necessary to detect astigmatism Hyperopia or farsightedness can also be readily found by using a pair of glasses fitted with a special lens If the person can read through such glasses it is proved that the eye is not normal. Thus, in testing the eyes, not only should the Snellen chart or some similar chart be employed but also the two lenses for discovering astigmatism and far-sightedness

It has been suggested that five rows of letters of equal size be employed in making the test and that the person tested attempt to read the chart at varying distances If he must get within two or three feet to read the letters of course it means that the eyesight is not normal, or if he can read them from greater than normal distance or backs away from the chart, it also indicates some abnormality

FAMILY AFFAIR

By International News Service

PHILADELPHIA. — Father, son and daughter teams in industry are not unusual, but when a total of 25 fathers, sons and daughters appear among a total personnel of 1,300 in one plant it is. All of them work for the Brown Division of the Minneapolis-Honeywell Regulator company One team is comprised of a father, two daughters and a son

In any event, regular examination of the vision is important, and particularly when there are symptoms of eye strain.

In Plain Words By James Marlow

WASHINGTON

TELEVISION should teach the politicians a lesson but it will take them time to learn it

That's why the Democratic convention in Philadelphia next week will be pretty much like the Republican convention there two weeks ago.

There'll be the same long speeches, the same boopla demonstrations intended to show the great joy of the delegates, or something.

And the endless hours will drag by hours that could be packed with action to get the convention over and done with

Television gives the politicians a problem they never had before

Until television came, whatever they did was seen only by a few thousand of themselves a sort of in-the-family affair

James Marlow

Now the whole nation will be looking at their every word and gesture on an ice-cold television screen that makes the most rosy-cheeked politician look gray Here's an example of what's meant

When a bullthroated orator shouts for 15 or 30 minutes—rolling his eyes waving his arms, rocking and weaving and brushing back the hair that's fallen in his eyes—he may affect the delegates because he's near them, in the flesh.

But that same speaker—on the gray glass of television yelling at a farmer 2,000 miles away—may seem like a ghostly windbag without sense or dignity.

The Republican convention [illegible] ed on Monday and ended on Friday It [illegible] opened [illegible] days of [illegible] ahead of [illegible]

The Democrat[illegible] of [illegible] was start on Monday—July 12—and [illegible] it, too could be wrapped up in a couple of days for example

Instead of starting at 9 a. m the Republican convention got under way around noon

AFTER A COUPLE of speeches and business the first three days recessed until 9 p. m for more speeches instead of going right on

In the past decades have gone to conventions reconciled to sweat [illegible] packed halls for [illegible] days

This was all right for them since they were the entertaining it and they knew they were trapped when they started

And nobody except [illegible] ed on Monday and [illegible] ers and their friends and relatives and [illegible] gathered to see what was happening or took part in

But the whole nation can sit in a living room and watch the proceedings on a television screen passing judgment.

THROWING A CONVENTION for the benefit of the nation, by way of the television screen, for five days is a thing for a lot of patience

As they're arranged now, the [illegible] speeches and demonstrations are too long-drawn-out to keep a television audience interested a whole week

To what good will the high-flown speeches and cooked-up demonstrations do if they turn a television audience away in disgust or boredom?

They may lose plenty of votes since it's the audience that's going to do the voting.

Historian of State Tells of Heritage At Upper Sandusky

Special to The Star

UPPER SANDUSKY July 6—Citizens of Upper Sandusky have every reason to be proud of their contributions to history said Ohio State Museum historian John O March of Columbus speaking on "Historical Upper Sandusky" at the Sunday afternoon Community Program of the centennial celebration here.

The individuality of a community be continued, is set by the culture of its citizens. The basis of this culture in the case of Upper Sandusky is a fusion of the contributions of settlers chiefly from England Ireland, Germany and second-generation Americans from the east coast settlements

Mr March reviewed a number of outstanding occasions in the early history of the community, prior to its incorporation a century ago, and concluded with an imperative statement urging the keeping of the records of the common citizens who contribute even more to the community progress than the leaders commonly given most of the credit in the pages of history.

Other speakers were Mayor Edwin S Naus who welcomed the large crowd present for the program and Charles Artz, president of the Harrison Smith Park association. Mr Artz said that 100 years of history sounds like a long time to the younger people assisting in the celebration, but to many others who, like himself, have been here more than half that time, the scenes being reviewed seem to be only yesterday Mr Artz paid a special tribute to Joseph McCutchen, first mayor of Upper Sandusky, one of the men who negotiated the treaty that secured the site for the white settlers and started the last of the Wyandot Indians on their journey to the lands west of the Mississippi in July of 1843.

Love's Perilous Path

By ADELE GARRISON

MARY'S face held a gamin grin when I had finished

"Anybody wanna give me odds teh to one that darling Mr K will make a Texas steer look like a meadow mouse when he realizes he's expected to wear a court uniform in his role of best man at the wedding?" she asked impishly

A glance at Olga's face warned me not to answer Mary's question lightly

"I really do not kow what his reaction will be," I said and Olga struck up with a nuance of her old regal hauteur which she so seldom displays in her American life She does not need to use her royal prerogatives I told myself with a twitch of my risibles Philip does all the "swanking necessary for two families

It does not seem possible," she said that Mr K would be willing to spoil the effect of a beautiful marriage scene because he objected to donning a uniform for two or three hours Could he not look at it as a disguise" He must have worn some outlandish one, in dis work"

Was it possible I asked myself with distaste that Olga was sharing Georges regal scorn for Mr K " the commoner as I knew both must consider him" But the exiled queen added a quick corollary to her little speech and I was sure that my "tell-tale face had betrayed my mental query to her keen eyes

Do not misunderstand me dear Madge she said and there was something in her voice which asked for my comprehension of her stand in this matter "There is no question of discrepancy in what I have just said about Mr K He is acceptable as a member of the marriage procession, in every possible way, looks, breeding—everything. That is why I am sure that, in your American idiom, he will be willing to 'play ball.' "

Mary's irrepressible laugh rang out at that, and a fraction of a second later, I joined her while even Olga ventured a faint smile.

"You simply are priceless, Mother " Mary said "The contrast between that unconscious 'off with your head' air of yours, and your use of American slang, is wonderful!"

I saw Olga looking at Mary with something like awe in her eyes I knew that her rigid court training never would have permitted her to address her mother in such flippant fashion. That she expected a regal request of Mary was plain, and the look in her eyes changed to astonishment when Olga laughed merrily But her facial muscles held their composure

"I trust I am not so formidable as you make me out," Olga said with twinkling eyes "But I am most anxious—and I know Philip is also—that the exquisite wedding ceremonial picture we have planned be not marred by any discrepancy "

Suddenly I saw the picture as it really was, and the apparent contradiction of her punctilious adherence to regal rules with her understanding of the difficulties in our path was made clear to me

It was not for herself nor even for Olina that she was insisting upon this display It was for her husband Philip Veritsen, the man who by "bar sinister" was so closely related to the Transvaalian royal family the man whose mental quirks were headed by a childish adoration of the trappings of royalty Philip Veritsen not only would delight in wearing regal dress himself but he would insist that the whole picture be as accurate as possible

With a catch of my breath, I remembered his old desire that Noel should marry Olina-in reality his cousin—so that Philip's son should become a part of the royal family Would he approve of our plan, or would he insist that Noel, instead of Mr "K" be the best man?

To hide my thought I switched my engine to a side track

"Do you wish the guests to be in court costume also" I asked with a feeling of dismay at the problems that this would call up

SHEER TRAVEL MAGIC

THIS is the Buick America's car buyers are buzzing about. This is the one with travel magic flowing all through it.

This is the ROADMASTER with Dynaflow Drive*—where Main Street's dense traffic, the inviting open road and the long, stretching hills are bossed with equal ease by a toe-touch.

Here you let your left foot idle comfortably wherever you wish—there's no clutch pedal to push, ever.

Here your mind's free completely of remembering when to shift—no gears ever shift anywhere in the car.

Here, you glide over ground and grades in swift and utter smoothness as constant and unbroken as Niagara's flow.

For here you have the only passenger car in America where liquid replaces both the usual clutch and the low-second-high' gear sequence of conventional transmissions.

Here you sit in blissful ease while the power plant itself meets and masters the thousand and one situations that come up in travel.

Gentle grades, steep hills, long straightaways, stop streets—once your lever's set, you simply step on the gas—and take them all in liquid-smooth luxury!

Does all this sound fabulous? It is.

So fabulous that folks are signing up in droves for the '48 fashion plate with this new-wonder drive.

So to take command of this traveler-touched-with-magic, come see us quickly and get your order in.

We'll take it in sequence whether or not you have a car to trade.

What's Different About DYNAFLOW DRIVE*?

In an efficient new pump (left shown), Buick engineers have added a twin turbine (right) and an improved supercharging assembly (in front) which produces a torque-boosting action of startling and exhilarating power. The result is the first device in any American passenger car which employs liquid to fill the function of both the clutch and the usual low, second and high gears. The clutch pedal is eliminated and a simple control gives you smooth selection of power ranges and direction.

*Optional at extra cost on Roadmaster models only.

FERGUSON AGAINST NEW CAPITOL "LIFT"

By The Associated Press

COLUMBUS, O, July 6—Contractors again started work on that new State House elevator today but it was on the second and third floors, and State Auditor Joseph T Ferguson vowed they wouldn't get to the first.

"They'll have an elevator that's built up in the air," he declared "They won't get to the first floor or basement"

Ferguson appealed to the Ohio supreme court to stop the work The lower courts have refused to halt it.

The auditor contends that the shaft for the new elevator, intended to serve the house of representatives, would take up valuable space in his offices on the first floor and in the basement He also does not want to be bothered by the construction noise, he said

The state department of public works has been trying for six weeks to get the elevator built It has started and stopped work twice.

ACTION OF COUNTY BOARD APPROVED

Mills Also Reports Voc-Ag Program for Morral.

Action of the county board of education in two cases involving transfer of pupils from one school district to another has been approved by the state department of education, D T Mills, county superintendent of schools, said today

The first involved a petition for transfer a part of the Scott local school district to Crawford county involving approximately a half-dozen pupils. The petition was denied by the county board

The second was the transfer of a section of the Marion city school disctrict to the county system involving approximately 23 pupils who were shifted to the Grand Prairie school district.

Action taken by the county board, was upheld by the state education department in a letter signed by Dr Clyde Hissong approving the two actions.

Superintendent Mills announced also that state approval had been granted for reinstatement of a vocational agriculture program at Morral The program had been dropped there several years ago

The program scheduled to get under way again this fall will be under the direction of A W "Archie" Bishop voc-ag instructor in the county system The course is the sixth to be set up in the county Others are offered at Claridon Prospect, Pleasant, LaRue and Meeker, Superintendent Mills said

STATE TO AID IN KENTON GAS SURVEY

By International News Service

COLUMBUS O, July 6—The state utilities commission ordered its engineering department today to supply "data, aid and assistance of service rendered by the West Ohio Gas company"

The order, in response to a June 28 request by the council, said the engineers should act "with reasonable dispatch"

The council's plea for aid came in the form of an emergency resolution The council said it was required to go to the commission because it had neither the facilities nor the means to determine the fairness of a new rate schedule recently filed by the company

Council members said the new schedule "is at variance in every respect with the existing gas rate schedule"

Saves Teeth

By The United Press

NEW YORK—Abscessed teeth can be saved now through new oral surgery techniques, Dr E. Alan Lieban told the American Academy of Dental Medicine. The operation is painless, he said,

Under the process, drugs are introduced into the underlying tissue by electric current, sterilizing the infected area The root canal, which previously had been cleaned, then is filled with silver wire or gutta percha.

Thus sterilized and filled, the tooth and its root may be preserved for added years of useful service, Dr Lieban said.

DEMOCRATS DESIGN PLATFORM TALKS

By The Associated Press

WASHINGTON, July 6—Democratic platform drafters talked today of writing in a strong states rights plank to help cool off southern bitterness over civil rights.

The issue of granting greater rights to Negroes and other minority groups has stirred up a major problem for the platform writers as they got ready for their first meeting in Philadelphia tomorrow.

This is the reported aim of the platform committee, headed by Pennsylvania's Senator Francis J Myers.

To find some compromise satisfactory both to the backers of President Truman's controversial civil rights program and to the southerners who have threatened to split the party wide open over that program.

The group plans to hold public hearings tomorrow Thursday and probably Friday. The convention opens on Monday. The civil rights question is expected to get a full—and possibly violent—airing before both the committee and the full convention.

Ohio Above Average As Beer Drinking State

By International News Service

COLUMBUS July 6—Ohio's suds guzzlers poured down enough brew in 1947 to shove state's per capita average almost 25 per cent above the national consumption.

That if you take the word of the current issue of Modern Brewery Age, published by the beer-making industry.

Ruling out non-drinkers and minors, the magazine figures 40 million people annually pour down a bit of beer.

With this as a basis, the magazine goes on to say that the thirsty throughout the nation took aboard an average 18.5 gallons of suds per person last year—or 1.1 gallons more than in 1946.

But Ohioans averaged 22.8 gallons—2.5 gallons more than the 1946 average.

Wisconsin led the drinking derby for the third consecutive year and North Dakota showed the largest gain—four gallons per capita.

SOVIET PLOT AGAINST ALLIES ANNOUNCED

By The Associated Press

PARIS, July 6 — The French foreign office announced today it has received from the British embassy documentary evidence of a Russian plot to drive the western allies from Berlin.

The foreign office said the British information was that Communists in Berlin were instructed by Moscow to touch off incidents which would cause intervention by Soviet forces.

Similar information has come from French officials in Berlin, the foreign office added. Neither the British nor the American embassies here would comment.

French diplomatic informants said the Kremlin has ordered demonstrations leading to street fighting which would give Russian troops a chance to intervene and occupy all Berlin.

STEEL PIER FIRE DAMAGES BALLROOM

By International News Service

ATLANTIC CITY, N. J., July 6—Firemen battled a two-alarm blaze early today in the famous Marine Ballrooms of steel pier, three-eighths of a mile out at sea.

Thousands of vacationists lined the boardwalk to watch the firemen fight the flames.

Police said the blaze was discovered only 10 minutes after the pier had been cleared of Monday night patrons.

It was steel pier's second two-alarm fire in nine years. In 1939 a similar blaze wrecked the ballroom while 200 persons were on the pier.

Today's fire broke out shortly after the steel pier had catered to a near-record crowd of 47,000 persons over the July Fourth weekend.

Tex Beneke's orchestra had just finished playing a holiday engagement and had left the pier when clean-up personnel discovered the flames.

Sues London Doctors For Predicting Death

By The Associated Press

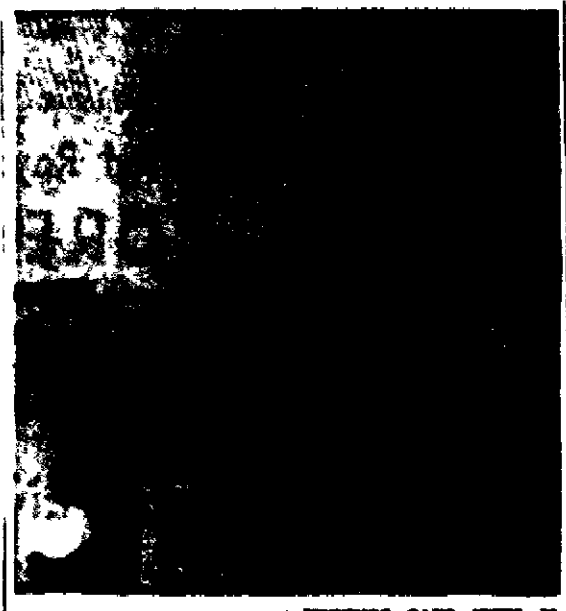
LONDON July 6—J. F. Whiteford, an American consulting engineer, sued two London doctors today for telling him in 1942 that he had only a few more months to live.

Whiteford's claim for damages charged John Bowman Hunter, a surgeon, and Dr. Seymour R. Gleed, with breach of warranty and negligence. They denied the allegations.

Whiteford complained that the doctors incorrectly diagnosed a bladder ailment, removed his prostate gland and told him he was suffering from inoperable cancer.

Whiteford said he gave up his business here, sold his furniture, and returned to the United States to die.

An American physician, his lawyer said, told him there was nothing wrong but a bladder complaint.



JEREMIAH GATES "TIME IN JUNE." Al Jennings (left), early-day Oklahoma train robber, took one look at J. Frank Dalton (right), who called himself Jesse James and said, "Boys, there ain't a bit of doubt on earth. This here is Jesse James." The two men were invited to Oakland, Calif., to participate in a rodeo in nearby San Leandro.

Convicts Permitted To Donate Their Eyes

By The United Press

CHICAGO — Attorney General Barrett of Illinois in a legal opinion opened the way for Illinois penitentiary inmates to will their eyes to society.

His opinion said that 1,500 of the Stateville penitentiary's prisoners who volunteered to leave their eyes to an "eye bank" could do so legally. Under a plan worked out by an association for prison inmates and ex-convicts, persons have willed their eyeballs to the "eye bank" maintained by the Illinois Society for Prevention of Blindness.

Now that the attorney general has said the plan is legal, an eye surgeon will remove the eyeballs of volunteers who die in prison. A chapter of the Red Cross will speed them to Chicago in specially-built refrigerated containers.

SHARES PLATFORM WITH 2 PRESIDENTS

By International News Service

BOLIVAR, Mo., July 6 — The mayor of a small Ohio town, Bernard J. Christman, who works as a machinist in a Timken roller bearing plant, was on his way home today a happy man.

He appeared on a platform yesterday at Bolivar, Mo., with two presidents, an opera singer and a host of military and civil dignitaries.

Christman attended the ceremonies honoring Simon Bolivar, deliverer of Venezuela, at the express invitation of Harry S. Truman, President of the United States.

Also attending were Mrs. Truman, opera star Gladys Swarthout, Romulo Gallegos, president of Venezuela, and a relative of Washington figures.

Christman got his invitation because he happens to be mayor of a Tuscarawas county town of about 600 population also named Bolivar.

Texan Tries Arsenal, Explains in Columbus

By International News Service

COLUMBUS, O., July 6 — Charles A. Harris recently of Del Rio, Tex., had left the Columbus jail today.

Ten armed policemen arrested him Saturday after a neighbor reported Harris was "carrying a full-scale arsenal around."

Monday, they released the man with the statement that a check showed "nothing out of the way."

Harris simply told them he was from Texas and just liked guns for hunting.

Speculation About Tito

HUNDREDS OF thousands of words have been written about the cominform's denunciation of Tito, but the real reason has yet to be disclosed.

The most common analysis is that of Bogdan Raditza Tito's former information chief who says Tito has been on the way out for months because of his nationalism and his failure to bring the Yugoslav peasantry into a collectivist economy.

Another interesting speculation is that of Rebecca West the brilliant English journalist, whose 'Black Lamb and Gray Falcon' is perhaps the greatest book on Balkan lands available in English. She says 'If Marshal Tito has been rebelling against Soviet control, it is because he has been told to rebel by the Soviet government itself. His rebellion serves many Soviet interests. It gives an excuse for the entry of Soviet armies into Yugoslavia and their establishment on the Italian frontier. It pleases the hard-run Russian people by another imperialist victor. It breaks the patriotic spirit of Yugoslav youth. It gives the satellite state a sense that there is no course open to them but complete submission to Moscow. It will and this is of great importance profoundly impress the German people."

Only time will tell who is right. If Miss West's prediction is correct and her knowledge of Yugoslavia cannot be discounted the world Communist leaders have far more cunning than they have been credited with. If Tito in his new role is still the Communist dupe a host of keen observers in the western world have been taken in by a tactic that would have been a credit to Machiavelli himself.

The ERP Begins

THE EUROPEAN recovery program is formally under way, with the President a signature on the bill and bilateral agreements completed between Washington and 15 of the 16 participating countries. Britain will be the 16th country as soon as parliament ratifies the agreement.

In this connection, the bank of international settlement has released figures showing European recovery has been "fully as rapid" as after World War I. But, the bank notes, this recovery wouldn't have been possible without the $17 000 000 000 furnished by the United States in the form of loans and grants between July 1945, and the end of 1947. "There could be no greater misconception," says the report, 'than to imagine that the aid so far furnished has been of no avail or somehow wasted", and it adds that Europe needs further aid to attain complete recovery.

ERP was put in affect only after American disagreement, not so much over aid but rather how much aid. European recovery indices will be carefully watched, for those disagreements weren't finally settled. The subject is likely to rate high on the agenda of the 81st congress.

Korean Land Reform

LAND reform is a serious problem in all impoverished countries. South Korea is one of the few places where a real program has been started. When Korean officials showed reluctance to undertake it, the U.S. Army stepped in and has made an impressive start.

About 80 per cent of all Korean farmers were tenants. Large tracts were owned by Japanese. These tracts are being offered in small parcels to the peasants, payment to be made in farm products totaling 20 per cent of the annual yield for 15 years. Since this rental is very low, tenants are eager to buy.

North Korean Communists argue that the land ought to be given to the tenants but the farmers some of them refugees from North Korea aren't impressed by this argument. They know that in Communist Korea the so-called land owners hold their tracts at the pleasure of the party bureaucrats. They are happy to buy their land on time contracts for what one works to possess he cherishes more than a gift that may be taken away at any time.

Wheat Treaty Fails

THE senate's failure to ratify the international wheat agreement means that the 36-nation treaty won't go into effect.

Under the agreement, the United States Canada and Australia would have furnished 500 000 000 bushels of wheat a year for five years to importing nations. The ceiling price was set at $2 with the minimum dropping progressively from $1 50 to $1 10. The fact that Argentina and Russia declined to be parties to the agreement made its success doubtful from the start.

The international wheat council will meet this month to consider how the world's crop can best be distributed. Because it has no effective enforcement instrument, its activities will be confined principally to theorizing.

The failure of the treaty isn't likely to prove disastrous. The world wheat outlook at present is so encouraging that artificial regulation of distribution seems unnecessary.

President George Washington while in office received such gifts from citizens as apples, shoats, Jerusalem artichokes, flower roots, and Spanish swords.

Scanning the Record

By George E. Sokolsky

State Department Lists Russian Treaty Violations.

THE state department has recently published a long document showing Soviet Russian violation of existing treaties. On the question of Germany there have been 10 violations with regard to Austria seven and so it goes covering Poland Hungary Bulgaria, Romania, Korea and Manchuria.

This is a late day for the state department to make a noise about such violations, but the American people ought to be thankful that their government has at last taken them into its confidence. For a long time there has been speculation as to what has been going on but information has been scant. This, for

SOKOLSKY

instance, is a sample in the agreements concerning Germany, the following appears:

"8 Freedom of speech and press are guaranteed (Potsdam protocol II A 10). Germany is to be prepared for eventual reconstruction of political life on Democratic basis (Potsdam protocol II A 3).

The following is the violation:

8 Soviet authorities have instituted a system of suppression intimidation and terrorism through military police and party authorities that nullifies any genuine freedom of speech and press. A totalitarian system of police control is being built up which suppresses basic human rights and legal processes and indulges in arbitrary seizures of property arrests deportation forced labor and other practices which are incompatible with democratic principles."

With regard to Austria, the agreements provided:

"2 Obligation to open the way for the Austrian people to find economic security (Moscow declaration). Obligation of allied council (i e occupying powers) to assist Austrian government to recreate a sound national life based on stable economic and financial conditions (new control agreement art 3 C)."

The following is the violation:

2 Properties seized by Soviets as oil in 1945 land in February 1946 industrial plants in April 1946 and later exceed what might reasonably be construed as legitimate German assets under the Potsdam protocol. Removals of equipment and materials under guise of German assets' and 'war booty.

Case of Manchuria

With regard to Manchuria these are the agreements:

"2 In accordance with the spirit of the aforementioned treaty and in order to put into effect its aims and purposes the government of the U.S.S.R. agrees to render to China moral support and aid in military supplies and other material resources such support and aid to be entirely given to the National government as the central government of China.

"2 In the course of conversations the government of the U.S.S.R. regarded the three eastern provinces (i e Manchuria) as part of China (note of V M. Molotov, Aug 14 1945 relating to the treaty of friendship and alliance).

3 The administration of Dairen shall belong to China (agreement concerning Dairen of Aug 14 1945)."

These are the violations:

"2 The Chinese government has failed to receive from the U.S.S.R. since Aug 14 1945 the promised military supplies and other material resources. But when Russian troops withdrew from Manchuria, Chinese Communists in that area appeared with Japanese arms in very substantial quantities. The natural assumption is that they were taken with the acquiescence at least of the Russians' (Quotation is from testimony of W W Butterworth at hearing before the committee on appropriations United States senate Dec 17, 1947.

Action of Russia

3 Chinese government troops attempting to enter Manchuria subsequent to the Japanese surrender were denied the right to land at Dairen by the Soviet authorities there and were forced to utilize less advantageous landing points.

'Due in large part to Soviet obstructionism China has up to the present time been unable to establish a Chinese government administration at Dairen.'

The real point however is not that there have been violations of these agreements, but that our government has done nothing to end the violations. Publishing the facts now makes little difference, since the violations have established conditions which in many respects cannot be corrected.

For instance Soviet Russia has taken possession of Manchuria and has made it an area under the control of the Chinese Communist party. In this territory used to be stationed the best army of Japan, the Kuantung army which was provisioned to fight Russia. The supplies of the Japanese army have been turned over to the Chinese Communists to fight Chiang Kai-shek. Telling this story now serves no purpose the battle is on.

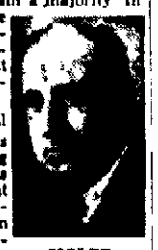
Communist Troubles

By Raymond Moley

WHETHER the Iron Curtain is to become a venetian blind remains to be seen. What can be seen now and what has been seen by some people for a long time is that nationalism is stronger than any ideology. There can be a Communist party in Yugoslavia and it can in effect be the government of that country. But the country remains more Yugoslav than Communist. The same goes for all the satellites of Russia. And among Western European countries the Communist parties can never rule in the strict interest of Moscow even if they attain a majority. In this fact is the hope that no international Communist movement can really conquer Europe.



MOLEY

An additional sign that all is not well among the satellites is the news that Stalin has reduced the reparation debts of Rumania and Hungary by one-half. They have now paid two or two and a half installments of the annual $50 000 000 due—mostly in commodities. Thus the Soviet Government has learned that it cannot have these countries as brothers in-arms and also treat them as defeated enemies.

An additional Soviet move is almost absurd. The Russians have made it known to the Germans that they will reduce the reparations of their sector of Germany by one-half. Since those reparations have never been fixed this means half of an unknown amount.

As a matter of fact it is just about half of nothing since industry has been dismantled in such a clumsy way that what remains is worthless.

This fraudulent concession to Germany seems to have been made because great expectations had been raised to the effect that the eastern frontier of Germany might be revised. While the puppet foreign ministers were meeting in Moscow the German Communist press was agitating for frontier changes in favor of Germany. But the eight countries decided to end such talk for good and declared that the Oder-Neisse line is to be permanent. The reparations declaration is intended to soften this blow to the Germans.

Not Ready for Break

The Yugoslav-Moscow tiff has brought various interpretations from official sources in Washington. Some of these indicate great hope that the happy Communist family is breaking up. Others warn us not to expect too much. It is apparent however that our state department was not ready for the break. This is undoubtedly due to a failure once more in our official intelligence service.

It has been reliably reported that U. S. Ambassador Cavendish Cannon has suspicions that all was not well in Tito-Moscow relations but was caught completely off base by the sudden explosion. He was apparently visiting in Lisbon when the thing happened.

It has been significant that Governor Dewey in several speeches in the past two months has been sharply critical of our various intelligence services. Dewey is not a man to make reckless and unfounded charges. And his long training has made him sensitive to and expert in matters relating to intelligence services. The improvement of our knowledge of what is going on abroad may well be a first fruit of a new administration. We have been caught off guard from time to time. It should not happen again.

Francesca

When Italians listen to America's Freedom Station —WRUL—a warm and lovely feminine voice greets them from Washington. 'This is Francesca your friend in America' it says in Italian.

Francesca is a real person the wife of Representative John Davis Lodge Connecticut Republican and the sister-in-law of U. S. Senator Henry Cabot Lodge of Massachusetts. Mrs. Lodge was born in Italy.

Most Italians she explains "know very little actually about the United States. They think Americans are either all red Indians or millionaires that every square is a market place and every street a Fifth avenue. We tell them that America is a whole world in itself with a great past made up from all other histories. We tell them the part Italo-Americans play in American life."

WRUL was started in 1935 in Boston with the help of the Rockefeller Foundation. The WRU stands for World Radio University—the L for Listeners. It considers itself an independent citizens' "Voice of America." During the war the government took over the station and the State Department still leases morning and evening broadcasting time.

Man in Doghouse

By The Associated Press

LONDON—A lodger had his rent cut in half on a claim he lived continually in a doghouse. He protested to an East London tribunal that he had been ordered to pack up and push off because the landlords dog didn't like him.

Michael Marcus tribunal chairman barked it was an urgent matter for his department.

The Roman emperor Caligula appointed his horse to the exalted office of praetorian. This landlord emulates Caligula by relying on the advice of his dog when deciding whether he should evict tenants. We are still governed by laws resulting from Parliamentary democracy."

The verdict a reduction from 30 shillings ($6) a week to 15 shillings ($3).

Unwilling Satellites

By Walter Lippmann

THE surprising thing about the Yugoslav rebellion is not that it happened but that it happened so soon—while the Red Army is still as far west as the Elbe river. For there is no longer much doubt, I think, that the leading nations of eastern Europe, however, Communist, are not the willing satellites of the Russian Empire and are certain to follow an independent line insofar as they are not occupied or enveloped by the Russian Army.

The reason why Yugoslavia, rather than Poland, Czechoslovakia or Hungary was the first of the satellites to defy the Kremlin, I should suppose is that the military position of Yugoslavia is more favorable to independence than is theirs. It is not occupied, has no common frontiers with the Soviet Union, and is not within easy reach of the Red Army. Tito has a substantial army of his own. He is not dependent upon the Red Army as are Poland and Czechoslovakia for the protection of his territory against resurgent Germany. He has nothing to fear from Italy and he has sea and frontiers open to the west. Thus the balance of military power protects him against direct Russian military pressure and permits him, indeed invites him, to exploit his advantage for national and personal purposes.

LIPPMANN

The events will show whether his rebellion was premature whether being an impetuous and ambitious man, he has underestimated the power which the Soviet Union can exert in his neighborhood by virtue of its military control of the industries the railways the rivers, and the strategical strong points of eastern Europe.

But if Tito's rebellion fails it will be because he attempted it before the Russian Army's withdrawal from the center of Europe.

If the evidence is not yet conclusive it is certainly increasingly impressive that the key to the Russian problem in Europe is not, as so many believe, the ideology of communism and the fifth columns of the Communist parties. The key to the Russian problem in Europe is the presence of the Red Army in the center of Europe. The iron curtain is the Red Army on the Elbe river.

Thus in reacting to the Cominform's denunciation Tito called for a "general strengthening of the Yugoslav Army which protects the freedom and independence of the people of Yugoslavia." In the contest this can mean only that the army protects Yugoslavia against the Russian Army.

Must Have Armies

The Cominform's bill of complaint discloses the reason why without the presence of the Red Army the Kremlin is unable to rule Europe through the Communist parties. Nowhere are the Communists more than a compact minority. To stay in power they must either make terms with the Socialists and other non-Communists, as they have in Yugoslavia and Poland or they must have overwhelming force behind them in order to exercise a purely Communist dictatorship.

But the national armies recruited largely from the peasants cannot be relied upon to support a purely Communist and urban dictatorship. For that an alien army that is to say the Russian Army is indispensable. If the Russian Army is not present to intervene then as the Cominform complains, the Communist party inevitably "dissolves in the nonparty mass."

In view of all this what are we to make of the recent declaration at Warsaw by the eastern foreign ministers, including M Molotov that they favor "the swift conclusion of the German peace treaty' and "the swift withdrawal of the occupying forces from Germany?" It is inconceivable though most unlikely, that a realist like Stalin could suppose that a swift withdrawal of the occupying forces from Germany, and therefore from all Europe would not drastically reduce the Soviet power in Europe.

What Is the Reason?

Why then does he offer to do the one thing which is most certain to make the Titos even more independent of Moscow to release all the nationalist, all the European all the anti-Russian sentiment which is prevalent everywhere especially in eastern Europe, even among Communists?

It could be that he has made the offer believing that it would not be taken up seriously or that if taken up, it can be weighted with conditions that the western nations would not accept. But I find it hard to believe that Stalin would make such a point of offering to do something he meant not to do. If he does not intend to withdraw it would have been easy enough to find reasons to justify his staying.

The only explanation which seems to fit the facts will no doubt seem dangerously optimistic and too good to be true. It is that Stalin has really taken the basic decision to withdraw from Europe where he has lost the cold war and to turn to Asia where the prospects are much more favorable. If he has, in fact, taken this decision, he would not, of course, need to surrender Europe unconditionally. He would, therefore, make every effort to retain as much influence as possible in Europe and to weaken American and British influence, and to obtain as many advantages as he can by negotiating the terms of his withdrawal.

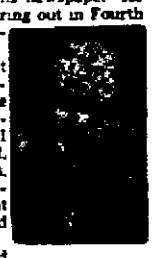
The Once Over

By H. I. Phillips

Elmer Faces Another Traffic Fear

BINGHAMTON N Y —Thirteen circus-truck drivers were arrested here for operating vehicles with faulty equipment, including bad brakes. Some of the vehicles were lion and tiger cages.—News item.

Elmer Twitchell was visibly alarmed by the above as he ran across it in his newspaper. He felt more nervous about venturing out in Fourth of July traffic in his old flivver than ever.



PHILLIPS

"I have long wondered what was in all those trucks careening over our roads with the brakes obviously none too convincing," he declared, "and I envisioned many things—coal, scrap iron, dynamite, horses, cows, machinery, eggs, tomatoes, paint, madmen and what not, but never lions and tigers."

He mopped his brow and looked whiter than usual. "To be telescoped by a load of man-eating kings of beasts is a disturbing thought," he added. "I wonder how lions act when slammed against a fence or suddenly entangled in front and rear bumpers. No one can say but I know how I would react if I were a lion. I would get even on the spot."

* * *

"I always get pretty wild after colliding with a truck or with another passenger car but I know my limitations. I realize that I may be overmastering myself but a lion would be in no danger of embarrassment." He could shoot the works knowing he could not lose the argument. Come to think of it driving on the roads of America might be much safer if the operators knew there were more lions in transit."

* * *

"These circus lions were tame lions," we put in.

"I am a tame human being," snapped Elmer, "but not after a highway accident. And I think the same thing is true of lions."

"I remember an accident," we told Elmer, "some years ago in which a truck full of black panthers was involved. It collided with a furniture van."

"What happened?" asked Elmer.

"Curiously enough the furniture was so scattered that several white tables and a half dozen chairs were piled rather neatly one on another and the black panthers assuming it their old circus act set-up merely took their positions on top of the furniture and awaited the applause," we explained. (We explained that nobody could get the animals to move until somebody thought of firing pistols before their faces.)

* * *

"Lions are different," insisted Elmer. "They have pride and dignity. They would never take cockeyed driving that lightly. You let a load of lions suddenly find themselves hurled into the back seat of a sedan full of human beings hell bent for a mad week and they would resent it, or I miss my guess."

* * *

Elmer said he had planned a drive home in the holiday rush but thought he would abandon the idea.

A cow loose from the stock yards got into a furniture store the other day and was shot down there. It's a cockeyed world. We make a saga of the cow that jumped over the moon and shoot one that merely clears a couple of tea tables.

Rudy Vallee has now been tapped to play Elwood P. Dowd in the coast company of Harvey, and may possibly do the part in New York. That rabbit must be getting pretty balled up on the type of drinking companions he is supposed to like.

The New York Stock Exchange held a golf tournament the other day. The score cards presumably held the notation "While the above figures are believed to be accurate no guarantee of the same is implied." And we hear that when one broker got into the cup after twelve strokes and was challenged for reporting a par five he replied, 'Everything went off a dozen points at the closing."

Greetings Suckers

By TRUMAN TWILL

The inside dope on daylight saving time is that women conspired to put over this stretch-out of a man's waking hours. It's the same principle exactly as putting electric lights in hen houses to make the inmates keep working long after time to climb up on the roost.

The women were cute about it. They never tipped their hand. Daylight saving they argued—as if they didn't know better—would give men more time to enjoy themselves in the health-giving sunshine. They could do all sorts of things to amuse themselves said the women, the liars.

What they didn't say was that it would give men more time to do all the work that women think up for men to do and which they can't get done on their day off their vacations their Sundays and on holidays. They would have time to grub in gardens, scrub porches, dig weeds out of the lawn paint the back steps and wash windows every day in the week.

They would have time to help with the supper dishes because lo it is still daylight. Golden Boy and you can go out to play when mama gets through with you. They would have time to wash the dog and comb out his silken hair in the mellow sunshine also to wash the automobile and perhaps the house.

They would have time to trim bushes, mow grass, run errands, raise tomatoes, repair doors, transplant shrubbery, put in posts for the clothesline, clean out the garage, wield paint brushes, wheel baby buggies, repair bicycles, do the heavy work on picnics and string up radio aerials.

They would have time to see weeds formerly blanked in darkness, mend porch furniture, beat rugs, squire water out of garden hoses, push wheelbarrows, grade driveways, patch lawns, burn rubbish, rake leaves out of fence corners, remove birds nests from spouting and a thousand other odd jobs that need to be done but fortunately can't be done under cover of darkness.

It should have been obvious from the outset what the women were up to but they were sly. The whole thing was a vile plot to get the head of the house out of his easy chair and keep him busy until his tongue hung out and his muscles ached.

By autumn the plot will have been revealed for what it is and a sadder but wiser oppressed minority will know how the cards lie. But by that time the men will be so exhausted they will be able to do nothing but stretch out on the davenport and begin the long winter sleep. Their only friend is darkness. Instead of turning the clocks ahead, the men are in favor of turning them back far enough to make darkness fall all summer not later than 5 p m. Let the odd jobs take care of themselves. The energy of American manhood must be preserved for more important work.

THE HOME of Mr. and Mrs. James H Nece of 258 South State street was the scene of the wedding of their daughter, Roberta Corrine, and Kenneth Gerald McKee, Sunday morning. Summer greenery, bouquets of pink and white gladioli and carnations, and lighted tapers held in candelabra, decorated the mantel in the living room and formed a background for the wedding party The bride's grandfather, L. H. Collins of Broadway, a justice of the peace, read the ceremony at 11:30 o'clock. As the guests were arriving Miss Dorothy Tron played a half-hour program of nuptial music. Decorations throughout the rooms were summer flowers.

—Photos by Stewart

MRS. KENNETH G. McKEE

Mr Nece gave his daughter in marriage. For the informal ceremony the bride wore a white waffle pique dress accented with cap sleeves and a peplum trimmed with lace The lace was repeated in the V-neckline and completing her costume was a matching hat trimmed in brown She wore brown accessories and carried a white Bible marked with a corsage of pink and white roses

Miss Bernice Nece of Cleveland was her sister's maid of honor and only attendant She wore a dress in a blue pastel shade and her corsage was pink and white carnations

Serving as best man for the bridegroom, who is the son of Mr and Mrs. W L. McKee of 243 Elm street, was John McGinnis.

The bride's mother chose for the wedding a rose crepe costume with which she combined white accessories and wore a corsage of pink and white carnations. Mrs. McKee wore a costume of beige panama cloth with brown accessories and a corsage of pink rosebuds

Following the ceremony there was a breakfast for the bridal party and wedding guests. The table, decorated with flowers and lighted candles, held a three-tiered wedding cake. Later the bride's parents were hosts at a reception, Assisting were Mrs. Leonard Stratton of Lima and Mrs. W. L. McKee.

When the couple left on a wedding trip through northern Ohio and Michigan the bride was wearing a rose and gray striped jersey dress and white accessories. Upon their return they will make their home at 524½ Delaware avenue.

Both the bride and bridegroom were graduated from Harding High school. Mrs McKee is employed at the J. C Penney Co store. Mr McKee served two and one-half years with the Army in World War II, and for one and one-half years was in the European theater. He is employed with the Midtown Chevrolet Co.

The bride's gift to her attendant was a matching necklace and earrings and Mr McKee gave his best man a billfold.

GENERAL IKE

(Continued from Page 1)

selves also were going off the reservation.

Boss Frank Hague of New Jersey topped that state's 36 convention votes to Ike over the weekend Jacob M Arvey, Democratic boss of Chicago, joined the Ike-for-president movement

Tennessee's Gov. Jim McCord had announced for Ike yesterday Mayor William O'Dwyer of New York bolted the Truman administration to join James Roosevelt and Democratic leaders of 15 other states in a summons to a pre-convention stop - Truman - nominate-Ike caucus. All the Roosevelts who are active in politics are against the President's nomination next week They were joined by Democratic organizations in nine of the southern states where the President's civil rights program announced last February was a summons to political rebellion

So long as Ike was a possible nominee the civil rights northern Democrats and the anti-civil rights southern Democrats had a candidate. It was Ike. None knew where he stood on the disputed civil rights issue or on many others which will figure in this campaign But the general looked to the Democrats like a possible winner and they were willing to take a chance

Eisenhower's withdrawal splits the north and south wide open.

Many of Eisenhower Forces Stand Firm

By The Associated Press

Gen. Dwight D Eisenhower flashed a "stop" sign today at the Ike - for - President bandwagon, but many of his Democratic supporters ignored the signal.

The general called for the brakes in a statement which said:

"I will not at this time identify myself with any political party and could not accept nomination for any public office or participate in partisan political contest."

Now president of Columbia university, the former chief of staff made his views known last night through the university's public relations director in a memorandum released to the press.

President Truman, enroute back to Washington from a speaking trip in Missouri, was reported cheered by Eisenhower's action His only direct comment, when awakened and told of the news in St. Louis, was that General Eisenhower "is an honorable man."

But Mr. Truman's aides interpreted the statement as a death blow to the movement to sidetrack the president at the Democartic convention in Philadelphia.

Eisenhower said he was "profoundly touched by the renewed suggestion I could satisfactorily fill high public office." But, he said, he that I could satisfactorily fill high public office." But, he said, he had not changed his mind since telling Republicans last January that he was "not available."

Some Refuse to Quit

That had stopped the Republicans. But some of the general's chief Democratic boosters held on grimly today.

James Roosevelt, chairman of the California state Democartic central committee, was one of them. The son of the late president, who had joined with 17 others to issue a call for a pre-convention anti-Truman huddle, said in Los Angeles:

"General Eisenhower's statement clearly indicates that he will will not serve as a partisan president but will answer a call to national duty. I am tonight, therefore, reissuing the call for the caucus to be held in Philadelphia this coming Saturday night."

The Eisenhower-for-President headquarters in Philadelphia announced that it was remaining open for business in a statement which said "we still have faith in his Americanism and patiotism and are certain that he will bow to the will of the people."

THE GARDEN CLINIC

Q. My husband had the idea that sawdust around the evergreens and shrubbery and on the flower beds would serve the same purpose as peat moss and eventually would make the ground like woods dirt. He put it on and now we have heard that the ground will be filled with grub worms and draw ground moles. Would you please advise us of the results before we use more?

A.: Weathered sawdust makes a fairly satisfactory mulch although it is not quite as good as rotted leaves or peat moss and not nearly as good as chopped corncobs. It is far better than no mulch. It is always well to apply a little commercial fertilizer containing nitrogen at the same time you put on the sawdust so that the bacteria decomposing it do not rob the soil of all the available nitrogen.

Wherever you get worms or grubs you may have more moles feeding. However, unless the moles are in the vicinity they have no way of knowing the grubs are there and would not come traveling from surrounding areas to your yard. You could easily get rid of these grubs by treating the soil with DDT. Use one pound of 50 per cent to 1,000 square feet of yard surface. Apply this dry mixture with sand. Or you may mix it with water and apply it with a watering can. This will also get rid of night crawlers, earth worms, and grubs. You can garden perfectly well without the worms and grubs despite what you read in some magazine and newspaper articles. I am not selling earthworms.

Q.: I have a winding stone walk with crocuses planted along both sides. I planted them several years ago and soon after I did someone told me or else I read that the tops should not be cut until after they turned down and started to dry up. My next door neighbor told me this was not necessary. Which is correct? Also is it advisable to dig tulips every summer and replant them in the fall?

A.: When you cut the leaves off any spring flowering bulbs before the plants have a chance to naturally ripen and die down you may prevent the formation of the flower buds for the following year. You also will prevent the manufacture of sufficient food in the leaves to be stored in the bulb so the bulb will gradually get smaller and finally disappear.

I would leave my spring flowering bulbs alone as long as they are blooming well. This applies to tulips as well as other bulbs.

Lawless' plight was discovered by a neighbor who heard bricks falling. City hospital attaches said he apparently suffered no injuries.

SAYS SUN SPOT RAYS RAISE TEMPERS NOW

By The Associated Press

PHILADELPHIA, July 6—If tempers flare and emotions are unbalanced it may be due to the ultra-violet rays from the sun spots now nearing their maximum number and intensity for the first time in 11 years, says Dr Roy K. Marshall, director of Fels planetarium.

These beams of invisible energy coming from the sun 93,000,000 miles away can easily affect tempers of people he said today

Then too emotions are controlled by various glands of the body which readily may be disturbed by the sun's ultraviolet rays, Dr Marshall told a reporter

He pointed out the last time the sun spots reached their maximum frequency was in 1937 when Hitler began his plan of world conquest.

Dr Marshall said scientists say they don't know the "why about sun spots," but the ultra-violet rays emanating from them affect every living thing on earth

Some scientists he explained contend these very short rays have produced a more prolific growth of foliage on trees and produced more abundant crops this year

Others say the abeundant rainfall this year has been caused by sun spots.

LANDIS

(Continued from Page 1)

Willis Hunt Jr All three marriages ended in divorce

Her first marriage, to Wheeler, came when she was only 18—and lasted 28 days. At 21 she married Hunt. That lasted two months.

She met and married Wallace, an Air Forces officer in England while on a wartime tour which she later described in the popular book, "Four Jills in a Jeep." She obtained a Las Vegas, Nev., divorce 2½ years later, in 1945 Her marriage to Schmidlapp took place shortly afterward

Marriage Notables Wife

Harrison told reporters "Miss Landis was a great friend of mine and a great friend of my wife." He said he had called his wife, actress Lilli Palmer who was in New York, and she planned to return here today

The British actor said he and Miss Landis discussed British picture possibilities at dinner at her home Sunday night

They had a luncheon date for yesterday. Harrison said But when he phoned to say he would be late the maid told him Miss Landis was still asleep he said

"I thought that was very strange, so I decided to come over. Harrison added

On finding the body he said he first called a hospital and the hospital suggested calling the police

Plans are being forwarded by the Harding High school class of 1938 for a 10-year reunion to be held Sunday, Aug. 1, at Harrison Smith park in Upper Sandusky A basket picnic lunch will be served at noon. All members of the class and their families are urged to attend, George Diegle said today

Entertainment will be provided for everyone, he stated, and one of the main attractions will be swimming in the park pool. An effort has been made to get in touch with each member of the class by postcard, but addresses of some are not known. Those not reached by mail are to notify Don Utz at the Palace theater by postcard, giving name and address, and complete plans for the reunion will be sent. It is planned to arrange for transportation for those who have no way of getting to the Upper Sandusky park

5,000 AT PROSPECT JULY 4 CELEBRATION

Fireworks and Soft Ball Tourney Highlight Event.

Approximately 5,000 persons attended the second annual Prospect Jubilee over the Fourth of July weekend. The two-day affair, sponsored by the various organizations of the community, was highlighted by a softball tournament Sunday and a feature attraction Monday between Smitty's All Stars and the Prospect American Legion team.

The Legion team of Prospect kept its holiday celebration unmarred by downing the highly-touted All Stars, 3-2, in Monday's exhibition, to take the $50 winner's prize, after emerging undefeated in Sunday's tournament. The Prospect nine won a total of $80 in prizes, getting $30 by trouncing Marysville Shell, 1-0, in the tournament playoff They defeated Universal Cooler, 3-2, in the afternoon eliminations to gain a place in the finals, while Marysville downed Richwood VFW, 2-1, to gain entrance in the finals.

Harold Cook won the long distance hitting contest by poking the oversized baseball 230 feet 4 inches, and Dick Mulvaine won the base-circling contest by covering the bags (340 feet) in nine and eight-tenths seconds. Both boys are from Marion and each won $1.50 in prize money Don Griffith of Prospect won the long distance throwing contest and $1.50 with a peg of 340 feet 8 inches.

The activity started at 1.30 p m Monday with a variety of races for children, which climaxed with the awarding of 200 ribbon awards From 5.30 until 6.30 a band concert was held by George Reed and the Prospect High school band This was followed by the All Star-Prospect softball game, two and one-half hours of carnival activity, and was concluded with a 9000 fireworks display at 11:15 p. m

LIFE SPAN GROWS

By The United Press

CHICAGO — Babies born in 1947 have a beter chance of living to old age than any of their predecessors, according to the president to the Chicago board of health. Dr. Herman N. Bundesen said babies born last year will live an average of 66¼ years, compared with a life expectancy of only 49¼ years which babies had in 1900. The number of babies born last year was 3,910,000. Of them, 3,700,000 will reach 21 and 2,500,000 will see 65. If present children had to face the dangers babies faced at the turn of the century, he said, fewer than 1,000,000 would live to be 65.

FRUSTRATED BEAVERS

By International News Service

ST. HELENS, Ore., — It seemed a shame for the city water department to tear out a wonderfully-built dam, constructed by beavers, but the flat-tailed rodents' construction endangered the water supply. The beavers promptly built another dam, more wonderful then the last. When the water men tore it down, the beavers seemed to take the hint, and moved over to another creek where they can, the water men say, build dams until their teeth are worn down.

DEDICATE PARK STAND

BUCYRUS, July 6 — A crowd of persons was on hand Monday night for the Independence day celebration at Aumiller park, highlighted by the dedicatory service for the new stadium named for its donor, John Q. Shunk. Filled to capacity, the new stadium seats 1,000, and spectators remained for the double-header softball games. Mayor R. L. Hertzer in behalf of the city accepted the gift and introduced the donor. Bruce Sharrock, Aumiller park president, presided.

GOTTA MATCH, FELLA?

By International News Service

CHARLESTON, Ill., — It is doubtful that Harry McKinley will carry kitchen matches in his shirt pocket again. He streaked into the Charleston fire department recently with his shirt front in flames. A good dousing of water with a large hose subdued the flames and left McKinley breathless. Firefighters said that although drivers occasionally bring in burning cars, McKinley was the first to enter the station on foot with a personal fire.

DEWEY CAMPAIGN EXPERTS GATHERING

By The United Press

PAWLING, N. Y., July 6—Gov. Thomas E. Dewey is assembling an organization of specialists to help him in the presidential campaign, it was disclosed today.

The group, working under the direction of campaign manager Herbert Brownell Jr. includes authorities in international affairs, politicians, legislators, newspapermen, radio technicians, movie experts, college professors and students of economics.

John Foster Dulles, U. S. delegate to the United Nations, will advise on foreign affairs. He is in almost constant communication with Dewey.

James C. Hagerty, former political writer, has been assigned to handle newspapers and magazines.

Glen Allvine has the newsreel assignment, and Ford Bond, radio executive, will supervise the air campaign.

Gov. Dewey emphasized that the experts would only take care of organization plans. He will ask state Republican leaders to carry out the plan.

"I am looking for the support of every member of the Republican party," he said.

The governor and his running mate, Gov. Earl Warren of California, plan an extensive speaking schedule; and their talks will be based on material gathered by the experts.

Present plans call for starting the major phase of the campaign soon after Labor day.

Mt. Gilead Driver Fined $100 by Prospect Mayor

James F. Taylor of near Mt. Gilead was fined $125 and costs in mayor's court in Prospect on a charge of operating a motor vehicle while under the influence of intoxicants Saturday at 9:45 p. m., following an automobile accident on Elm street in Prospect. He was arrested by patrolmen and Marshall Fetter of Prospect after his car ran into cars owned by Harold Wolfe of 884 Woodrow avenue in Marion and Horace Vance of Prospect which were parked there.

LIKED PICTURES IN PAPER

By The United Press

FALLS CITY, Neb. — High school youngsters love publicity, Principal Ralph Andrews proved. At the start of school last fall there were 32 youngsters on the honor roll. Andrews asked the Falls City Journal to carry their pictures. Since then, the list of students boasting an honor roll average in four or more solid subjects for a six-weeks period has jumped to 53. A reporter sought to learn the reason for the sudden upsurge of hitting the books. The youngsters weren't a bit reticent in admitting they were studying hard to get their pictures in the paper.

IOWA TOWN TAKES MOVIES IN TIPSY DRIVER CASES

By The United Press

WASHINGTON, July 6 — The FBI revealed today how one midwestern town is using movies to get the goods on drunken drivers.

The current issue of the FBI's "Law Enforcement Bulletin" said the Waterloo, Ia., police take movies of suspected drunken drivers immediately after their arrests. The result, it said, usually surpasses "the slapstick of the old Mack Sennett comedies."

The film is used as evidence for or against the accused when he comes to trial. Iowa's attorney general has assured the police that this evidence is admissible, although the supreme court hasn't ruled as yet.

The FBI said the "ultimate results have been amazing and far above expectations." Since the practice was put into effect at the beginning of 1948, there have been 30 drunken driver arrests in Waterloo. There were 25 convictions, and five cases are pending.

ISRAELI TURNS DOWN UN PEACE PROTOCOL

By The Associated Press

CAIRO, July 6—A delayed Tel Aviv dispatch said the Israeli government voted last night "complete rejection" of the main parts of the United Nations Palestine peace proposal.

The account quoted an official government statement as saying the proposals were turned down with 27 negative votes and four abstentions after a three and a half hour session.

The Israeli decision will be handed today to Count Folke Bernadotte UN Palestine mediator who is now in Tel Aviv the dispatch said.

In Cairo an Egyptian cabinet source said there is little doubt the Arabs will resume fighting in Palestine when the four-week truce ends Friday despite UN appeals for an extension.

Emerging from a three hour conference of the Arab League's political committee Secretary General Abdel Rahman Azzam Pasha reported no decision was reached on the truce extension proposal.

Azzam Pasha said Count Bernadotte had been sent to the middle east primarily to reach a final Palestine settlement not a truce and that such talks might continue six months, even if fighting is resumed in the Holy Land. He said Count Bernadotte will meet Arab leaders tomorrow.

The cabinet source said last night the majority of Arab leaders opposed extending the truce.

TWO RIVERS, Wis. — Construction was resumed on a new theater after all concerned agreed there would be no activity around a certain hawthorne tree at the building site. Surveyors were laying out markers when Frank Wallo, who operates a nearby cafe, pointed to a bird's nest in the tree. Two young robins were in the nest. "Can't you wait until the little fellows are a bit older?" Wallo pleaded. The men thought they could. So until the fledglings can fly the theater construction will go on all around them but the tree will remain untouched.

WARN X-RAYS MAY CAUSE BONE CANCER

By EDWARD W. BLAKESLEE
Associated Press Science Editor

NEW YORK, July 6. A warning to keep X-rays and gamma rays away from bones because the rays can cause bone cancer was issued today in Cancer, a new medical journal.

This publication is a monthly started by the American Cancer society. The bone cancer warning, covering more than 20 pages, is by Doctors William G. Cahan, Helen Q. Woodward, Normal L. Higginbotham, Fred M. Stewart and Bradley L. Coley all of New York City.

The dangerous gamma rays come not only from radium but from many of the new radioactive substances that are produced in atomic piles. An important fact is that there is no possibility of stopping or even slowing down the manufacturer of these gamma-ray emitters. They are automatically produced by whatever kind of device is used to make atomic bombs or atomic power.

The New York doctors report 11 cases of bone cancer due either to gamma or X-rays. The only difference between these rays is their source and for cancer-making both are equally bad.

One of the most dangerous things about this kind of bone cancer, the report states, is the very long delay between the use of the rays and the appearance of the cancers. The delay time in the 11 cases ranged from six to 22 years.

Two lessons were suggested for the public. One, to stay away from X-rays and gamma rays unless a doctor uses them. Two for doctors never to use these rays to treat some growths that are not malignant cancers. The rays sometimes are necessary to treat cancer when this malignancy cannot be reached any other way, says the report.

Students To Grade Their Instructors

By The United Press

BETHLEHEM, Pa. — The students are now going to grade the professors at Lehigh University.

The idea was started by Arcadia, the student council. The instructors served notice they could "take it" by approving the plan for student appraisal of courses and instructors.

Each student will be asked to grade his instructor "above average," "average," or "unsatisfactory." The grades are to be based on 10 factors, including clarity of presentation and interpretation, preparation for class meetings, effectiveness in arousing interest and response and friendliness toward students.

And the students will have the last word. Faculty members are not to call their own "final grades" until after they have submitted students' final marks.

Roving Reports

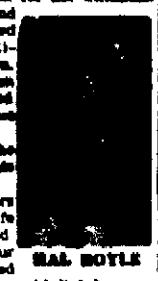
By Hal Boyle

NEW YORK

A LADY I know works in a warehouse of an enemy. It is one of the vast hospitals built by the city to filter its ill and misfit. Here they find a quiet bed against the final darkness—one of every three who enters is under the shadow of death—or a refugee from a life crisis that cracked their minds.

The lady sees them come and go by the hundreds. She says her work each day is like reading an unfinished novel by Charles Dickens or Leo Tolstoy.

And she told me of one case in which she tried to help write a happy ending.



HAL BOYLE

One patient was a small elderly man, grateful for her kindness. He was ill and had been picked up in an intoxicated condition, but she soon was convinced he wasn't a true alcoholic.

One day he told her his story.

"Many years ago my wife died," he said. "We had four children. I had hard luck and couldn't take care of them. I just didn't have the money. I put them in a religious institution—and then, well, I guess I just went to pieces. I faded out of the picture."

The old man left the hospital shortly afterward. A few days later the lady noticed his name again on a roster of new mental patients. But the age was much younger.

Curious she went to see the patient. He was in his twenties, but bore such a strong resemblance to the older man that she was certain immediately he was a son.

She tried to talk to him but his mind was deep behind the velvet curtain that cloaks the schizophrenic from reality. She checked his record and found that a sister was listed as his closest relative.

EXCITED AT THE possibility of reuniting the family, she got in touch with the sister. A short talk with the woman convinced her that she really had found the son and daughter of the old man.

Diplomatically she brought up the possibility of arranging a meeting with the father.

"What is he like, my father?" the daughter asked. "I don't remember him. As a girl in the orphans home I used to wonder about him."

My friend told her that he was old and tired, that he had seemed to her a kindly man, and that a sister was listed as his principal kin.

THE DAUGHTER THOUGHT it over. Then she said:

"I guess I don't want to see him now. It's too late. The other two children are gone. My brother and I are the only ones left, and I have to worry about him."

And she said bitterly:

"We've been orphans so long we might as well stay that way."

I asked the lady if the daughter had inquired her father's address.

"No."

"Aren't you going to get in touch with the old man and let him know what you found?"

"Have I any right to?" said the lady. "Would you?"

Marion Horses Prominent in Winners Circle in Harness Race Opener

Mr. Richwood, Rip McArthur Win Feature Race, Mayor Dowler Pace

By GEORGE SCOTT

A crowd of 4,500 racing fans in short sleeves saw Mayor Harry Dowler cut a purple ribbon to open the Marion harness racing season last night at the fairgrounds.

Marion owners were prominent in the winners circle. Dr J G McNamara's trotter, Cleverness, driven by Charles Sims came from behind to take the $400 purse of the seventh race a 15 class trot. In the fourth race, a 19 class 1 1 16 mile trot, Marion and near Marion owners took win, place and show. Belle Day owned by M J Broderick of Delaware was first Belle Arion owned by C R Jordan of Marion second and Jonesdale Pilot owned by Charles Sims of Waldo third.

By far the most thrilling contest of the evening was the fifth race. It started and ended almost a dead heat. In a photo finish Widow Worthy with Bob Cheney behind nosed out Hand Book driven by Walt Dispanette Hand Book came up from fifth at the turn and had the stands on their feet screaming in the stretch. The sudden burst of speed was a second too late to overtake Widow Worthy.

The Cheney brothers of Richwood own Widow Worthy and C D England of Marion own the plucky Hand Book. Widow Worthy's time of 2 10 3 was the best of the night for the mile.

The Harry Dowler Inaugural trophy was presented by the mayor to Pauline Cramer of Mt Vernon. Her horse Mr Richwood came in first in the eighth race and second in the sixth race to win the silver plaque. Bob Mason who did the driving had an easy time of it after Rip McArthur winner of the sixth race with Slim Shilling behind broke twice in the eighth race.

Both Mayor Harry L. Dowler and Dr McNamara, president of the Matinee club sponsoring the race, spoke in opening ceremonies. Dr Jack Smyth of Marion was master of ceremonies.

Harold Wichersham in a cowboy suit and astride Smoky a prize-winning tan and white horse, led the trotters and pacers to the gate. Paul Young with his auto with wings starting gate eliminated the usual bad starts.

The daily double paid $101 40 for winners Bob E Vo in the first and Grattan Velo in the second race.

Built In Ghost

Among the guests for the first program of an 18-night season was O C. Belt of the Ohio State Racing commission. He gave a short address welcoming the opening of the 1948 racing program in Marion.

In the new, white judge's stand were W. E. Mercer, presiding judge and associate judges E. J. Coburn and Bailey Bradley. General manager of the raceway is Orlow G. Owen and executive secretary is Jimmy Reed.

Slim Shilling kept up his winner-a-night pace established at Hilliard and Lebanon tracks in the sixth race, the first half of the Mayor Harry Dowler Inaugural. Shilling drove Rip MacArthur to a win over a field of five in the fourth race he brought Belle Arion, owned by C R. Jordan of Marion, over the wire second and in the seventh race he drove his own horse, True Direct, to a second place.

Atom Bomb, owned and driven by Harold V. Smith of Marysville, overtook Bob E. Vo in the first race but didn't have the staying power to win a whip finish. Owner William McClaskey of Prospect drove Riley 1st and placed fourth.

The program closed about midnight with the presentation of the Mayor Harry Dowler Inaugural trophy to Pauline Cramer of Mt Vernon.

LEMON WINS, BUT BOB FELLER FAILS

By The Associated Press

CLEVELAND, July 6 — The league-leading Cleveland Indians still were swimming today despite Manager Lou Boudreau's statement that the Tribe would "sink or swim with Bob Feller."

The Indians sank in the second half of a doubleheader yesterday with Feller on the mound but retained their one-game lead over the Philadelphia Athletics by gaining an even split with the Detroit Tigers before 59,042 stadium fans.

Boudreau summarily lifted Sam Zoldak in the eighth frame of the nightcap but Feller failed dismally in a relief appearance to give Detroit a 7-5 victory after Cleveland copped the opener 6-2.

Feller who hurled his eight win at St Louis, retired one batter before being afflicted with his customary relief wildness. He walked two and Pat Mullin then cracked his only safety of the day — a three-run game-winning homer into the right field stands. Feller was charged with his ninth loss of the season.

Bright feature of the holiday twin bill was the consistent hurling of Bob Lemon, who was unable to repeat his brilliant no-hitter against the Tigers in the opener although he coasted through to his 12th victory against six losses for a major league high in triumphs.

Lemon aided his own cause with a timely single in the fourth inning of the opener as the Indians wound up the game with five runs. Joe Gordon's 16th homer with one aboard and Dale Mitchell's three-run triple with the bases loaded sparked the inning rally.

Ken Keltner soared into the American league homer lead with his 18th round tripper in the opener and his 19th circuit swat in the nightcap. Walt Judnich slammed his first home run and Eddie Robinson cracked his 10th in the nightcap of the eight-homer twin bill.

Art Houtteman was clubbed for his 11th loss against two wins in the opener, while Fred Hutchinson gained credit for the nightcap victory as he received valuable relief aid from Hal Newhouser.

The Indians became the second major league team to top the million mark in home attendance this season with a total of 1 042,473 paid fans registered at the end of yesterday's doubleheader. The New York Yankees topped that figure last week.

Bob Muncrief will aim for his sixth triumph against one loss tonight in the finale of a three-game series, with Paul (Dizzy) Trout hurling for Detroit.

Marion Cubs Trounce Terriers, 23-8, at Lima, Then Win Here, 6-5

Alivojvodic Aids Own Cause In Nightcap with Homer, Two Triples

By BILL BIRCH

The Marion Cubs walloped Lima, 23 to 8 on the foreign field yesterday afternoon and then gave Manager Frank Krause a win in his first appearance at home nosing out the Terriers 6 to 5 in the thrilling second game of the holiday doubleheader.

Everybody got into the act in the rout at Lima but the home victory was Nick Alivojvodic, both from the mound and at the plate.

Big Nick hit a home run and two triples to lead the nightcap assault and ran his strikeout total to 13 with 11 whiffs in holding off the Terriers from the mound.

Though he gave up 12 hits, he bore down when it counted and left a total of 14 Terriers stranded.

The win was his eleventh and he had to lead the Cubs from behind to take it.

Score 2 in First

The Terriers reached him for four hits and two runs in the first inning but the Cubs came back with one run in their half of the first when Bill Bodine doubled and came home on Gene Bobzean's single.

Three singles and a walk brought Lima two more runs in the fifth but then Alivojvodic kept the Cubs in the fight with a home run over the left field wall that chased in Pete Schnepf who had walked before him.

The South Chicago fireballer tied up the game in the seventh when he tripled to right field and scored on Lou Bohlander's fly out.

But the Terriers muted out front in the ninth when Carl Rascher doubled and came home on Gene Holder's single.

Nick got his second triple in opening the Cubs ninth, Bohlander walked, and the two of them launched a double steal, but Nick was nipped at the plate and Bohlander was chased back to first base. Pete Naulitich walked and Bill Bolduc singled, driving in Bohlander. Gene Bobzean grounded into a double play to end the inning with the score knotted.

Leave Three Stranded

Lima's Al Gulvas, cousin to Theo Gulvas who pitched until being relieved after Bohlander's walk in the ninth, arrived safely on first on Stan King's error to open the Lima tenth. Relief pitcher Jim Ross struck out Jim Myers who had robbed the Cubs of two hits by sensational stops in centerfield, got a cheap double to right field, and Joe Prisina was intentionally walked, loading the bases.

Bob Huddleston popped up for the second out, and Ommie Rock flied out to centerfield to end the inning with three mates aboard. A mighty sigh escaped the stands.

Manager Frank Kristie walked, opening the Cubs tenth moved to second on King's sacrifice and raced home with the winning run on Don Schmitt's double to left field.

Kristie hit five for five in the afternoon game but Stan King batted in the most runs—six—as all the Cubs but Bohlander and pitcher Frank Marchelli hit safely. King hit a double and a triple and two singles in five trips.

The Cubs opened with a six-run inning picked up another in the fourth, eight in the fifth, two each in the sixth and seventh, and four in the eighth. Frank Marchelli held the Terriers to four runs until the ninth inning.

VFW Victorious In July 4th Doubleheader

Marion's VFW baseball team won both ends of a July Fourth doubleheader with Cardington taking the first, 5-3, behind the neat four-hit hurling of Max Roseberry and the second 23-5, in a one-sided slugfest.

Roseberry pounded out two hits to aid his own cause in the opener being outhit only by the slugging Harold Dillon, a former professional Class C ball player who netted three for four.

Jack Higgins limited the Cardington crew to six hits in the second game while his mates pounded 23 solid safeties. Gail Stout scored the only homer while Don Cook Pete Walters Harold Dillon Merle Loper Ralph Weber and Ray Culver all hit safely three times.

The wins were VFW's fourth and [illegible] book a game for July 11. Call Manager King Bacon 3886 after 5 p m.

Ben Hogan Wins Motor City Open

By The Associated Press

DETROIT, July 6—Belting Ben Hogan today counted his season's golf earnings at $20,197 50.

The Hershey Pa., star annexed the Motor City open and $2,600 yesterday finishing with a two-over-par 73 just a stroke ahead of E J (Dutch) Harrison of Albuquerque N M. in the special play-off that finished the first Motor City competition.

JUNIOR LEGION TOPS NEWARK NINE, 6-5

Marion's mighty mites of the fifth district American Legion circuit made a clean sweep of a three game weekend series thus establishing themselves as a top-ranking contender for the league crown by downing Newark yesterday at Lincoln park, 6-5. The Juniors swamped Mt Vernon, 21-3, Saturday and Delaware, 4-2, Sunday to complete the sweep.

The Marionites didn't have an easy time of it yesterday with Newark, however. Young Ronnie Larcom starting hurler for Marion, put the locals in a rose right off the bat when he was unable to control his stuff and walked in two runs in the first before being relieved by Merle Daum. From there on it was a pitchers' duel with Daum registering eight strikeouts to Barnes 10 for Newark. Barnes and Daum each issued only three free passes.

Only 150 fans were on hand to watch the 13 hit affair at Newark saw Daum give up five safeties in his eight and two-thirds innings, while his mates got to Barnes for eight good knocks. Richie Wolfe watch charm third baseman hit the major blow of the day driving in two runs on a fourth inning triple. Dick Thomas shortstop and Jack Daum first sacker, combined to complete a pair of double plays.

The locals now boast a league record of three victories and one reverse, the lone setback coming at the hands of London who took a 8-5 verdict a week ago.

Next game for Coach Minnie Irvin's fancy fielders will be played at Lincoln park Saturday when the youngsters entertain the Sunbury combine. Game time will be 3 p m. Line score:

CITATION WINS STARS AND STRIPES

By The Associated Press

CHICAGO, July 6—Citation did it again, this time against some of the best older competitors available. The Calumet triple-crown winner remains the class of the country and many observers contend he is the greatest thoroughbred in racing history.

The three-year-old son of Bull Lea, with jockey Eddie Arcaro giving him a punishing ride scurried in a two lengths victory over Eternal Reward to win the $56 100 Stars and Stripes handicap yesterday. The sweltering holiday crowd of 46 490—an all-time high for Arlington park—sent the Calumet entry postward 1-5 favorite. Citation paid $2 60 and $2 20. There was no show betting.

Citation was in such a hurry he matched the track record of 1 49 1 5 for the mile and an eighth. Another Calumet flier Armed was clocked in the same time in winning the Stars and Stripes a year ago. The Triumph was worth $38,000 to Citation, boosting his 1948 earnings to $427,020. This establishes a new money winning record for a single year, topping Assault's mark of 1946 by $2,825.

Indians Will Meet Braves In Series if Axiom Holds True

By The Associated Press

The Cleveland Indians and Boston Braves will meet in the world series next October if the old baseball axiom—"the team in first place on July 4 wins the pennant"—holds true this year.

The end of the holiday activities today finds the Indians still pacing the American league by one full game and the Braves on top in the National by two.

In the American league's 47-year history, the team in first place Independence day won the pennant 30 seasons as against 17 winners who had not led on July 4. That is a .638 percentage.

The July 4 setup has figured even better in the National as 31 times in 47 years the flag against the 16 who have. That represents a .650 percentage.

Nearly half the teams which led on July 4 became the eventual pennant winners.

Indians Split

The Indians were held even in their double header at the Tigers in Cleveland yesterday but the Braves ran their winning streak to eight games as the second place Philadelphia Athletics also split a twin bill and the third place New York Yankees were handed a rousing double dousing by the Red Sox in Boston.

The Indians won the opener 6-3 for Bobby Lemon's 12th triumph. The Tigers took a 7-5 victory in the nightcap.

A bright spot for Cleveland was Ken Keltner's two home runs which put him on top in that department once again with 19.

Held to six hits and defeated 3-1 by Mickey Haefner and the Senators in Washington the Athletics bounced back in the second game mauling five Washington pitchers for 14 hits and a 12-5 triumph. The split left the A's still one game behind the Tribe.

Bobby Doerr clouted three home runs in the second game as the Red Sox topped the Yankees twice 6-5 and 8-7.

The Yankees appeared en route to a split holding a 7-5 edge in the eighth inning but Doerr's third home run with Ted Williams on base tied the count. A single by Matt Batts, a sacrifice, and Dom DiMaggio's single broke up the game in the ninth.

The Red Sox veteran Kramer had easy sailing in the opener until the last two innings. Ahead 8-0 he allowed two runs in the eighth. Then, with two out in the ninth, the Yankees scored three times on Johnny Lindell's homer with one on and three singles.

White Sox Win 2

The Chicago White Sox season long occupants of the American league cellar climbed within a game and a half of the seventh place Browns by sweeping both ends of a double cade from St. Louis 3-2 and 5-4.

After losing a heart-breaking 6-5 decision in 13 innings, the Braves bounced back to whip the Giants, 4-1. However they lost a tilt game to the St. Louis Cardinals who moved past Pittsburgh into second place two games behind the Braves. The Cards swept a double header from the Chicago Cubs 6-3 and 5-2.

Ralph Kiner belted three home runs in the first game for the Pirates. The Bucs split with Cincinnati winning the first 10-3 and losing the second 6-4. Kiner batted in five runs. It was the third time Kiner has hit three homers in one game. Johnny Mize of the Giants holds the record, five. Lou Gehrig Yankee immortal, was the only other batter to own three.

Gerry Staley who had won a game all season, relieved for both Cardinal victories. Relief Stan Musial rapped two hits in each game to boost his batting average to .410. The second game was halted after five innings by rain.

Rex Barney pitched the first complete game of his career as the Brooklyn Dodgers subdued the Phillies 4-3 and 10-1.

Ashley Independents Win One, Lose Two

The Ashley Independents three weekend games came out the winner in one the over in two. Riley pitched the win a 3-1 five-inning victory while Fahnbruckner lost an 11-5 decision in the seven inning opener against Galion Sunday. Riley was credited with the loss in Monday's nine inning 8-3 defeat at Galena.

Next game for the Independents will be played at Leesville July 11. Line scores:

SAUER-KINER DUEL ON AGAIN TONIGHT

By The Associated Press

PITTSBURGH July 6—Ralph Kiner and Ralph Kiner the National leagues leading home run sluggers oppose each other tonight in their last joint appearance for more than a month.

The Reds and the Pirates are next scheduled to meet in another night game here Aug. 1. After that they will not play each other until a two-game series at Cincinnati in September.

Kiner the Pittsburgh Pirate powerful left fielder slammed three home runs in one game yesterday as the Reds and Pirates split a double header. Kiner's blows came in the first game as the Pirates won 10-3. The three homers brought his total to 23 one more than Sauer's total.

The Reds copped the second game 6-4 as big Ted Kluszewski single in the ninth with the bases loaded and later poled a 400 foot home run. The home run tied the score and the Reds went to win.

Kiner sent each of his home runs over the head of Sauer who was outstanding Sunday in a 10-inning relief job against the St. Louis Cardinals. Sauer garnered two home runs.

Pirate manager Billy Meyer picked Mel Queen a former Yankee hurler to go out once the fight tonight while Johnny Neun of the Reds chose Johnny Vander Meer to do the Cincinnati mound work.

Howard Fox served two home run balls to Kiner, and Tommy Hughes threw the third one. Fox was charged with the loss, making his season record four and four.

Herman Wehmeier who started the second game for the Reds gave way in the fifth to Hank Gumbert after Stan Rojek got his first major league home run. It was good for two runs.

Since its origin in 1921 the National Football loop has had teams from 38 cities.

RED BIRDS CONTINUE DRIVE FOR AA LEAD

By The Associated Press

The hard-hitting Columbus Red Birds continued their drive to overtake leading Indianapolis in the American Association flag chase Monday by sweeping a doubleheader from Toledo. This cut the Tribe's edge two games, to 4½.

The tailend Louisville Colonels got an assist in the proceedings by handing the Indians a double jolt, 6-4, and 6-0, behind the one-hit hurling of veteran Ewald Pyle.

Pyle fanned a record Indianapolis crowd of 14,906 with his mound rob. The only hit off his slants was an infield single by Tom Saffell in the first inning, and the Indian outfielder was picked off second after a successful steal. Manager Al Lopez objected so strongly on the play he was thumbed out of the game.

Jerry Witte's three run homer led the Louisville attack.

The Colonels rallied for three runs in the seventh to gain victory in the opener and hand Cal McLish his second defeat in three days.

Columbus belted Toledo 8-5 and 9-7 to sweep the four game series. The Red Birds totaled 24 hits for the day, including five homers and four doubles. They came from behind in both contests as Toledo also teed off with 19 hits.

Five unearned runs in the third inning helped Columbus cinch the first game. The Red Birds collected 14 hits in the nightcap, including four home runs. Tommy Glaviano slammed his second of the day after clouting a three-run job in the starter Bill Howerton. Mike Natisin and Roy Broome added others.

Minneapolis won two from St. Paul, 6-5 on Rube Rarus's eighth inning homer, and 10-0 on Rube Fisher's three hitter.

Third place Milwaukee remained only one game behind Columbus by brushing off Kansas City 13-8 and 7-6. Manny Fernandez clubbed a grand slam homer in the eighth of the opener to decide the issue. Al Roberge's two run homer in the sixth inning was the payoff punch for the second victory.

No games are scheduled today.

NEW YORK — The Thoroughbred Racing Protective Bureau has completed the lip-tattooing of numbers for identification purposes on 7,021 racing thoroughbreds. "This, except for the new crop of two-year-olds, just about covers every horse racing at authorized tracks," says Spencer J. Drayton, head of the TRPB.

MANSFIELD NIPS GALION

GALION, July 6 — The display of fireworks at Heise park Sunday night climaxed Galion's celebration which also included a baseball game and a band concert.

In a game Sunday the Mansfield American Legion junior team advanced to the finals of the southern sectional tournament by defeating Loudonville 7 to 6. The Mansfield team returned to Galion Monday for a game with the Galion Junior baseball team. This resulted in Mansfield defeating Galion 9 to 8.

TOOK GAME SERIOUSLY

By The Associated Press

LISBON, Portugal — Luciana Rosa Cativo, 17 was such an avid fan of the football team of Chao, a town in the south of Portugal, that she suffered a heart attack in an exciting moment during a game against Estoril. Taken outside the stadium, the girl recovered and insisted on going back to watch the finish of the game. Permission was refused. Enraged, the girl suffered another attack and died.

BRAVES TOP LEADING MUNCIE REDS TWICE

By The Associated Press

Richmond took an 11-6 triumph over first place Muncie yesterday in the Ohio-Indiana baseball league to top a 3-2 afternoon victory and end the weekend series with a 3-2 edge.

The Roses broke a ninth inning 7-7 tie with four runs and held Muncie to one run in the closing minutes of the game.

In the afternoon session, Richmond was behind 3-2 until the sixth frame when they broke out with three runs and went on to win.

At Newark the Zanesville Dodgers held the Moundsmen to two hits to score a 3-1 victory last night.

Zanesville's right hand pitcher Paul Oakes, kept the bases empty until the second inning when Newark managed to score as the result of a base on balls, a stolen base, an infield out and a wild pitch.

Newark scored a 12-6 win over the Dodgers in the afternoon game, leading from the second inning and crushing through with five runs in the sixth.

Portsmouth came up from behind in both games of a double header to wallop Springfield 13-11 and 6-2 at Springfield.

Portsmouth tied the final game 2-2 in the fourth inning and kept the Giants scoreless for the final six frames of the session.

In the afternoon game, Portsmouth clinched the victory in the eighth inning. No Springfield player scored in the final innings. Line scores.

South African Invader Ruled Golf Links in 1947

By FRANK ECK

AP Newsfeatures Sports Editor

NEW YORK — Interest in golf skyrocketed during 1947 principally because of the successful invasion of Bobby Locke, a 29-year-old war veteran from Johannesburg South Africa.

Coming practically unheralded to these shores with a rusty putter and plus fours reminiscent of another era, Locke rolled up the sleeves on his ordinary white shirts and became an overnight sensation

As a matter of fact his drives were so straight and his putting so mechanically perfect that he became mighty unpopular with American golf professionals. The reason, of course, was that little money remained in the golf jackpot after Locke finished busting par on most of the courses over which he played

Wins $24,375

It didn't matter to Locke that the courses and the American ball were strange to him. During his six months here he won $24,-375.50

Locke appeared in 22 tournaments, winning six and finishing second in three others He won the Houston Open, the Philadelphia Inquirer Open, Goodall Invitational at Newton Center, Mass., Tam O'Shanter at Chicago, Canadian Open at Toronto and the Columbus, O, Open He came home second in the Western Open at Salt Lake City, the Reading Pa, Open and in George S May's second international event in Chicago.

Just how much Locke cut into the annual swag set aside for touring golf pros is best exemplified by the fact that during the first 11 months of 1946, America's top golfer in money won, Ben Hogan, had earned $41,693 compared with the 1947 total of $24,-536.83 won by Jimmy Demaret over a similar period. For the first 11 months of 1947, Hogan won $22,310.15, placing him right behind Demaret and Locke

Edges Nelson

Demaret's major victory came in the Masters in which he edged out Byron Nelson and amateur Frank Stranahan by two strokes with a 281, seven under par for 72 holes. Demaret also triumphed in the Tucson, Ariz, and St Petersburg, Fla, Opens In four-ball matches he and Hogan took down the Miami, Fla, championship and the Inverness Round Robin at Toledo, O Demaret was second best in the Richmond, Calif, San Antonio, Columbus, O, Albuquerque, N M and North Fulton (Atlanta) Opens

Hogan a 135-pound Texan representing Hershey, Pa, earned $5,000 by winning May's international event He captured $2,-000 prizes by victories in the Los Angeles and Phoenix, Ariz, Opens and by winning the Chicago Victory Besides his four-ball conquests with Demaret he won $3,000 by taking the Colonial Invitation at Fort Worth, Tex, tied for second at Denver and finished as runnerup at Tucson and at Spokane, Wash in the Esmeralda Open

Lew Worsham, former sailor from Washington, D C and pro at Pittsburgh's famed Oakmont club, won the U S Open at St. Louis after finishing deadlocked with Sammy Snead at the end of 72 holes.

The 29-year-old Worsham scored on the 18th green in the playoff when Snead missed a comparatively easy 30-inch putt Worsham, known among golfers as "the chin" because of his protruding jows, also won the Denver Open.

Wins P.G.A.

Australian-born Jim Ferrier, a San Francisco resident, won America's 29th P G A championship at Detroit, beating Melvin (Chick) Harbert of Northville Mich, 2 and 1 in the 36-hole title round Ferrier, who later won the St. Paul, Minn., Open after a playoff with Fred Haas of New Orleans, became the first foreign-born player to win the P G A. title since Tommy Armour, the Silver Scot, took the important test in 1930.

The National amateur went to Skee Riegel of Monterey Park, Calif. The 23-year-old Riegel, who took up golf seriously while on his honeymoon nine years ago, conquered 24-year-old Johnny Dawson of Hollywood, Calif., 2 and 1 in the 36-hole final at Pebble Beach, Calif.

Just as Locke dominated golf during his short stay—it seemed long to the other golfers—in this country, so did Americans when they performed on foreign links Wee Willie Turnesa of White Plains, N Y, turned back Dick Chapman of Pinehurst, N C, in the British amateur at Carnoustie, Scotland. Turnesa won by 3 and 2 with his mother-in-law's putter and an educated wedge His own putter, a center-shafted affair, is illegal on British courses.

Turnesa, Chapman and Riegel also were members of America's Walker Cup team that beat the British, 8 to 4, at St. Andrews Scotland, regaining the coveted cup which had reposed in Scotland since 1938.

Ryder Cup competition, in which American and British pros meet every other year, was resumed for the first time since 1937 America scored an easy 11-1 victory at Portland, Ore to make the series 5-2 in this country's favor

Babe Beats British

Mrs. Mildred (Babe) Didrikson Zaharias, outstanding woman athlete, became the first American to win the British Women's golf title when she beat Jacqueline Gordon of England 5 and 4 in the 36-hole final at Gullane, Scotland.

Three months after winning in Scotland the wife of Denver's wrestling impresario, George Zaharias, turned professional. A short time later Babe suffered her first loss in 19 tournaments. She bowed 1 up to Little Bettye Mims White of Dallas in the Texas women's open quarter-finals at Fort Worth.

Louise Suggs, 24, of Atlanta, annexed the Women's National Amateur title at Detroit, beating Dorothy Kirby, 27 by 2 up at Detroit Miss Suggs also won the Western Open and Amateur and the Southern Amateur

Betty Jameson, San Antonio pro, was the second Women's National Open at Greensboro, N C., setting a new course record for women with 288, nine strokes under par for 72 holes.

Jonathan Edwards, 18th century American theologian, wrote a tract on "The Nature of the Soul" when he was 10 years old and entered Yale college when he was 13

Cucumbers originally came from southern Asia ad have been grown for more than 4,000 years.

New York Stock Quotations

By The Associated Press

NEW YORK, July 6—Railroad issues took the play again today in the stock market.

Fractional gains were posted by a number of carrier issues and the balance of the market jogged along over narrowly irregular price route.

Trading got off to a fairly lively start but later dwindled to the point of apathy. Business in the rails accounted for a large share of the day's activity.

Higher prices were paid Union Pacific, Chesapeake & Ohio, Baltimore & Ohio, Northern Pacific, St. Paul, Bethlehem Steel, Youngstown Sheet, Caterpillar Tractor, Zenith Radio, and American Can.

On the minus side were Consolidated Natural Gas, du Pont, Standard Oil (NJ), Gulf Oil, and Loew's.

APPLIED INSULATED SIDING

Resists, insulates and beautifies your home in one operation, at less cost than a good paint job! Eliminates painting which expires in time of a paint job. Shuts heat out, cools in, in winter. Keeps home cooler in summer, cozy winter 'round. Brick or stone design, $15.00 per sq. Free estimates! Handle the whole job — labor and material. Ward's Easy Monthly Payment Plan.

PREFER THEIR DOG

By The United Press

TULSA, Okla. — A Tulsa couple are so fond of their tiny Pekinese dog, Ming Toye, that they're willing to give up their apartment rather than their pet. Mr. and Mrs. Walter J. Haynes received an eviction notice claiming that Ming Toye is a nuisance. But they say they'll live in the rear of the cleaning shop where Haynes works rather than give up the dog. Ming Toye was born in China and was brought to Tulsa by a bomber pilot who gave him to the Haynes. The couple keeps the tiny dog sleeping in a baby bassinet.

RESTAURANT AMENDED

By International News Service

EDMONTON, Alta., — Restaurant discrimination against persons because of race, creed or color has been frowned upon by members of the Edmonton city council. Aldermen concurred in a recommendation of the by-laws committee that Edmonton's license bylaw be amended so that restaurant keepers "except for good cause shall, during business hours, furnish refreshments to any person requiring same."
